

Math Flower Stencils

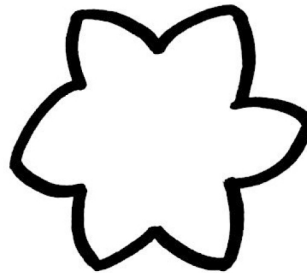

6-petal flower - cut 6 of each piece

7-petal flower - cut 7 of each piece

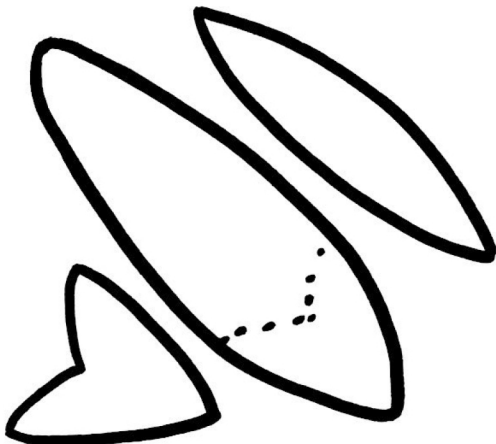

Medium Flower - cut 5

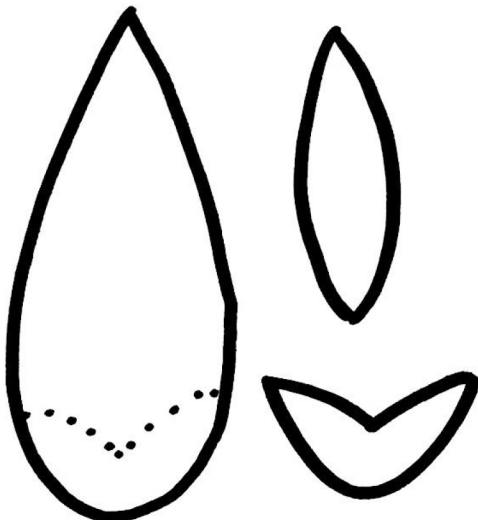

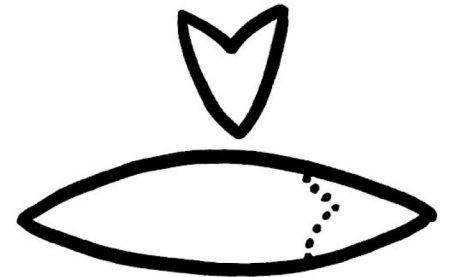

Tiny flower - cut 1

9-petal flower - cut 9 of each piece

8-petal flower - cut 8 of each piece

10-petal flower - cut 10 of each piece

Each big flower will need 2 circles in addition to the pieces listed above. The small circle goes in the center of the flower; the larger one is the background that holds the flower together. The diameters of the required circles are:

- 6-petal: 1", 3"
- 7-petal: 1.5", 5"
- 8-petal: 1", 3"
- 9-petal: 1", 3.5"
- 10-petal: 2", 5.5"

The small flower needs just 1 background circle, .75" in diameter.
