

## Rantopad MT Mechanical Gaming Keyboard

With its minimal 104 character keyboard design, detachable cover panel and overall sleek design, the Rantopad MT Mechanical Gaming Keyboard combines function, freedom and a powerful, play-conductive feel.

Enjoy the contemporary look and feel of the MT keyboard's unique style, its outstanding cool and comfortable surface areas are designed to resist corrosion and offer outstanding wear resistance through anodic oxidation.

Fourth-generation organic coated keycaps, N-Key rollover and a 1 ms gaming-grade response speed give you the advantage you need to maximize your playing and be consistently competitive.

F10 F11 F12  ,  , 	Backlight Mode: Activates backlight mode and can reduce and increase backlight brightness.

## Backlight Mode

### Backlight Mode Key Combination Instructions

#### Setting Step 1: FN+F10

Please choose one of the two main Backlight Mode options: Default Backlight Mode or Customized Backlight Mode.

---

## Setting Step 2: FN+PAGE UP/PAGE DN

After choosing the secondary mode of Default Backlight Mode, the following lighting options are available:

	Secondary Mode	Lighting Effect
Default Backlight Mode	Heartbeat	Rhythmic pulsing effect.
	Breath	Single color breathing.
	Backlight on	Backlight remains on.

## Setting Step 3: FN+UP/DN

FN+UP/DN: Adjusts the speed of the dynamic light effect. The default mode offers the most rapid effect, and there are four additional levels of diminishing speed

---

## Safety and Maintenance

### **Safety Guide**

To operate the Rantopad MT Mechanical Gaming Keyboard safely, we recommend that you adhere to the following guidelines:

1. If the device does not work properly, or there are any persistent operating issues, please unplug the device and call the Rantopad Service Hotline or visit [www.RantopadUSA.com](http://www.RantopadUSA.com) for technical support. Do not attempt to repair the device yourself.
2. Do not disassemble the device. Disassembling the device will void your warranty. Do not attempt to repair the device yourself or operate the device under abnormal current loads.
3. Avoid exposing the device to liquids and humid environments. Only use the device within the specified temperature range of 32°F to 104°F (0°C to 40°C). Once the temperature falls below or rises above this range, unplug and switch off the device until the temperature returns to the appropriate range.

### **Legal Notice**

#### ***Copyright and Intellectual Property Information***

RantoPad brand is the trademark or registered trademark of Hong Kong Bose International Holdings Limited in China and other countries/regions. All other trademarks are the properties of their respective owners.

The copyright, trademarks, trade secrets, patents, patent applications, or other intellectual properties (including registered and unregistered) related to the product of this User Guide are authorized to Shenzhen Shuaike Trading Company by Hong Kong Bose International Holdings Limited. The user guide does not grant you any such copyright, trademarks, patents or other intellectual property licenses. Rantopad MXX Mechanical Gaming Keyboard (hereinafter referred to as “Product”) may differ from pictures on the packaging or elsewhere. Please prevail in kind.
