

FCD-STK

Body-Solid - Weight Assist Knee Raise, Dip and Chin Station

FCD-STK Weight Assist Knee Raise, Dip and Chin Station

With its weight-assisted kneepad mechanism, the Fusion Chin-Dip with G-Stack provides the same benefits of chin and dip exercises to everyone, regardless of their current fitness level or weight. Plus, its 210 lb. weight stack enables you to counterbalance your own body weight.

By doing pull-ups chin-ups and dips, you can effectively and efficiently build muscles in your arms, shoulders and back. Add vertical knees raises, and you'll soon see an increase in definition of your lower abdominal muscles. Best of all, the benefits of these exercises can be enjoyed by fitness enthusiasts of all skill and strength levels.

Dimensions: 54"W x 64"L x 80"H
