R300 Endurance Rower

The Endurance by Body-Solid R300 Indoor Rower delivers an effective low-impact cardio and total body workout. Not only does the rowing movement provide users with high-intensity calorie-burning cardio but works quadriceps, hamstrings, abdominals, obliques, lats, biceps, triceps, hip flexors and more.

User-controlled air resistance puts users in full control for a balanced and coordinated workout. The R300 is a self-generating machine eliminating power requirements for peak energy efficiency in home or commercial settings. A precision-engineered flywheel design minimizes noise. Nickel-plated chain offers unmatched durability in even the most intense environments.
