THERE IS A RISK ASSOCIATED BY INDIVIDUALS WHO USE THIS TYPE OF EQUIPMENT. NO MINUTE RISK YOU KISS YOU ON THESE RISK:

1. Disrupt equipment before each workout. Check that all nuts, bolts, screws and gap pins are in place and fully tightened. Always use appropriate tools for signs of wear. Replace all worn parts immediately. Never use machines if any parts are damaged or missing. Reduce to future tests (any tests) in serious injury.
2. Keep clear of the cable end all moving parts when the machine is in use.
3. Always make sure all sleep links are clean when using any cable/pully system.
4. Exercise with care. Perform your exercises at a steady moderate pace; these perform sets in uncontrolled movements that may cause injury.
5. It is recommended that you should workout with a training partner.
6. Do not sleep within or around the equipment.
7. If you are of proper age of equipment, call your local Body-Solid distributor or the Body-Solid customer service department at 1-800-308-3115.
8. WARNING: Consult your physician before starting your exercise program. For your own safety do not begin any exercise program without proper instructions.
