

Juicy

DESIGNED BY SALTO & SIGSGAARD

LIGHT
YEARS

The Juicy pendant design by the award winning design duo Kasper Salto & Thomas Sigsgaard is logical, simple and functional. The various parts of the lamp; the wire, cone and shade come together seamlessly which makes the pendant seem like an organic whole. Towards the bottom Juicy is finished off with a honeycomb-filter, which effectively concentrates the light while preventing dazzling at the same time. It softens the light and contributes to the experience of a warm and friendly light. Juicy's glossy surface is broken elegantly by a shining ring, which elegantly mark where to the lamp is separated for change of light source.
