

OLLO WALL LIGHT

Designed and Handmade by Oliver Höglund

Molten hot glass shaped and hand-blown at one thousand degrees celsius. An organic round shape made with quality Swedish clear glass to dress a defused pinapple LED bulb.

The defused LED bulb shines and refract off the contours of the OLLO wall light to give a unique one of a kind lighting design.

The free formation design ensures that no two pieces are the same, giving you a truly aesthetic piece for your space.

Handmade in Currumbin, Australia.
