

# ELASTI-GUARD™

*Not Made With Natural Rubber Latex*

## Heavy Duty & High-Compression Elastic Stretch Tape

ELASTI-GUARD is a heavyweight Latex-Free all cotton elastic tape used in applications where strength and high compression is required.

Elasti-Guard elastic stretch tape offers edge-to-edge adhesive coating to help prevent stringing during the bandage removal process. Our fabric provides a highly conformable stretch with high adhesion properties and durability to meet the most rigorous companion animal bandaging applications.

Elasti-Guard is a non-tear strong elastic adhesive tape used for wrapping areas requiring high conformability and heavy support across multiple curved areas.

### Key Features

- Premium High-Strength Stretch Fabric
- Edge-to-Edge adhesive coating
- Durable Heavyweight Construction
- Latex-Free 100% Cotton
- Stretch and support for superior coverage of healing areas

### Packaging

- Clinic Pack:
  - 3" x 5yds (stretched) 4-Count
  - 4" x 5yds (stretched) 6-Count
