

# SHAMMA LACING GUIDE

**1** Center your foot on the sandal.

**2** Center buckle on foot, pull strap through side slot.

**3** Loop strap under itself, pull until snug, but don't lace heel yet. Rough side away from skin.

**4** Switch sides, and pull inner lace through buckle. Strap down snug.

**5** Return to heel strap and run through the buckle loop. Strap down snug.

**6** You are done - it's time to enjoy those Shammals! Experiment with buckle position - Some like it high, some low.

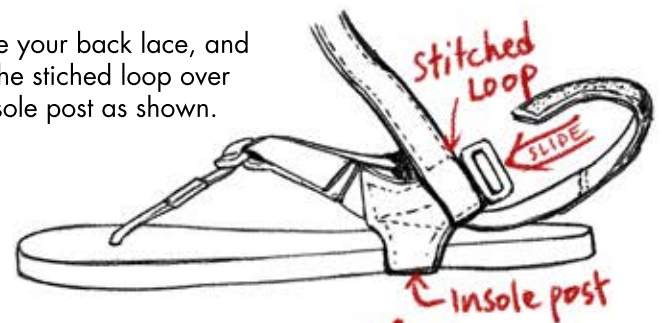

## POWER STRAPS (OPTIONAL ACCESSORY)

**1** Power Straps have a stitched looped end and a hook and loop end.

**2** Unlace your back lace, and slide the stitched loop over the insole post as shown.

**3** Strap down your back lace. **1.** Run the Power Strap over the front of your ankle and under the lace on the other side. **2.** Strap down.

**4** Slide Power Straps on and off as you like. You don't need to remove the straps to take off the sandals.
