

GROVE MILL

sustainable wine **PINOT NOIR 2021**

MARLBOROUGH NEW ZEALAND

We've been making wine with as much thought for our environment as wine excellence for over 30 years. We're carrying our enduring legacy of sustainability into the future - we're here for good.

OUR VINEYARDS

The fruit for our Grove Mill Pinot Noir is hand harvested from our flagship vineyard, 17 Valley, as well as our 'Favourite' Vineyard.

OUR WINEMAKING

An extended cold soak prior to malolactic fermentation and maturation. Approximately 3% of the blend was whole bunch fermented before being pressed to barrel. Good soil and canopy management, cold nights during ripening, and a very warm summer keeps all the concentrated flavours in the grapes which you can taste in the wine.

TASTE NOTE

Our Grove Mill Pinot Noir is rich ruby red in colour, with a nose full of dark cherry and boysenberry and a touch of spice. A savoury complexity and a smooth finish make it the perfect match for barbequed meat with a roast beetroot salad.

COMPOSITION: 100% Pinot Noir

REGION: Marlborough, New Zealand

ALCOHOL: 13.5%

pH: 3.65 **TA:** 5.5 **RS:** 0.39
