WHY IS CUP SIZED SWIMWEAR IMPORTANT?

At Fantasie Swim we focus on creating bra-sized swimwear to give you the same level of support and comfort as your lingerie.

More often than not women are not consistent in their dress sizes on their top half and bottom half. With cup sized swimwear, you're guaranteed a bespoke, perfect fit.

Knowing your bra size is a great place to start, but when fitting swim, often we advise you go up a band size and down a cup size. With swimwear you tend to want a less firm fit on the back, plus swimwear has higher lycra content than bras, so it will naturally fit more firm.
