INA KESS nowadays comprises of an international team of 50 like-minded colleagues, dedicated to offer thought-through clothes of the highest quality to women all over the world that want to look and feel their best.

INA KESS
SWITZERLAND

THE CHRONICLES OF INA KESS

2015

INA KESS is founded as the first brand with the vision of creating **beautiful and comfortable clothes for everyday use** made from the finest technical fabrics. The team consists of the 2 founding sisters + 1 intern and the “atelier” is a flat in Zurich. With surveys on the streets we determine the needs of our customers.

Blending the worlds of sport and fashion. Lookbook campaign 2016

2016

The groundwork starts. Numerous visits to factories in Italy, Portugal, and Lithuania, **inhouse pattern developments, countless feedback rounds with family and friends** and the creation of our website take over our days and nights. On 6 December 2016 INAKESS.COM goes live.

Katharina in their Atelier in Zurich.

2017

We start working with our **first partners**: Jelmoli in Zurich, Pesko in Lenzerheide, and a yoga studio. Stores are critical about the blend of technical fabrics and fashion-forward design, but we persist in our vision.

That day :) First collaboration with a department store. Jelmoli, Zurich, 2017.

2018

Building of our (now) **flagship store and an extra pop-up store in Zurich**. Our LUXE LÉGER Track Pants are the bestseller. The KENSINGTON Coat is sold out and we are entering extra 15 stores in Switzerland. Our office cat **Barney joins the Team**. With him, we are now 6 members.

Pop-Up Store, Zurich.

Love of our lives. Barney ☺3

INA KESS Flagship Store, Zurich.

2019

INA KESS goes **international**. Our first pop-up store at KaDeWe in Berlin is a success and we enter the KaDeWe Group permanently. With it comes our international warehouse for duty-free shipping in the EU.

the chronicles of INA KESS

2020

International **showrooms in February in Paris, Düsseldorf, Munich and Milan** make the brand attractive to international stores. The lockdown is requiring new ways of doing business. We are offering instant delivery via bike courier in Zurich. We keep on growing despite everything. Our slogan **Tailored to Move Forward** is born. Alfred, our second office cat, joins the family. We are now 10.

Team work makes the dream work! Paris Showroom, 2020.

2021

Swiss department store Globus is taken over and plans a repositioning. **We enter Zurich and Geneva and build own store in stores in a time of lockdowns.** Plus, INA KESS takes the big apple and is now available at Flying Solo in NYC. No risk, no fun, right? Countless customers join the brand and love the amazing comfort. Our big heart for animals leads to the next logical step: The **INA KESS Animal Foundation** comes to life.

Alfred and Barney, our office cats.

2022

Our customer base grows in Switzerland and internationally and the investment in own-led store-in-stores pays off. Our team and the collection is growing. The **ONYX Shirt** becomes a staple piece of the brand and an instant bestseller.

Everybodys Darling. The ONYX Shirt.

The new vibe. Own-led store in Swiss department store Jelmoli, Zurich.

2023

The year of pop-up stores. **INA KESS opens its doors in Stockholm, Sweden, at the airport in Zurich, in the center of Munich, in Mannheim at Engelhorn and in the Swiss luxury village St. Moritz.** The brand is visible on screens of international longhaul flights on SWISS Airlines. *Think pink* is the flavour of the season. **INA KESS Piumalove** as the first artificial down that feels like down and is even warmer is rolled out in the SQN + ORIGO Jackets.

Comfy up, before taking off! Pop-Up Store at Zurich Airport, 2023.

2024

The collection and the team are growing. We are by now a team of 50 people and 2 cats Barney and Alfred. The collection evolves from comfy pants to sophisticated suits and **dreamy dresses**. The pop-up store at Zurich Airport opens its doors on 22 May. The story continues... :)

Dance the night away in comfort and pure joy! The dress capsule is our latest drop.

Griffith Observatory by night

city of angels

The best part about LA is the abundance of possibilities to go on hikes. Runyon Canyon Park is very nice but crowded. Paseo Miramar is more of a locals-only trail in the early mornings, it's pretty steep so great workout and you pass the Getty Villa.

Speir Pilates in Venice is a must. Make sure to book your class with Andrea. And since you're already on Abbot Kinney Blvd. you're in the best place for some great shopping. If you shop so much that you need a new suitcase, away is the place to get one. Get your coffee fix at blue bottle and matcha at Alfred's. Stay hydrated with pressed juices. They also make a yummy soft serve. If you get really hungry, the Butcher's daughter serves delicious mostly plant based food - try to get a table at the bar or the small patio.

The Griffith Observatory is worth a visit at sunset for stunning views of La La Land and the best beach is Zuma Beach.

After a refreshing Yoga Session at El distrito 841 by Aida Artiles, the best place to get coffee is Cool Beans! Located in the old city centre, it serves specialty coffee in a wonderful ambience with picturesque surroundings.

End the day at the Bohemia Suites Hotel in the south of the island. It has the best rooftop bar. Go for the Gin Tonic!

Top: Charming coffee spot L'vivs'ka Kopal'nya Kavy.

Right: Famous dish Varenyky

Coffeeshop L'vivs'ka Kopal'nya Kavy is well-known for their freshly roasted coffee beans. They serve coffees for different occasions, like Lviv Rainy Day Coffee, Coffee for Lovers, etc. how fun!

Check out Lviv City Hall and High Castle for the most stunning views of the city.

Lviv's Glass Museum is more like a tiny gallery. In four-rooms you'll learn about the history of glass.

Stryiskyi Park for yoga, walks or runs.

Famous local dish Borsch soup is amazing at this restaurant and the best bakery is hands down Virmenka.

View from the Fortress.

The best place to drink coffee are [Prekoputa Proleća](#) and [Užitak Cafe](#).

The best spot for gorgeous city views is either the [Skica Caffè](#), [Kalemegdanska Terasa restaurant](#) Belgrade Fortress, and all of the restaurants at Beton Hala (like [this one](#))!

The best kept secret an average tourist wouldn't know about is the [Salon 1905](#), [Zavičaj](#), [Hyde Park restaurant](#). The best workout place is [Boa Pilates](#) .

The most famous specialty dish is Ćevapi or Pljeskavica na kajmaku with ajvar, shopska salad and homemade proja (corn bread). Try it at [Tri Sesira](#) or [Dva Jelena](#) or at any of the restaurants in the most famous street in Belgrade: Skadarlija

A woman with her hair pulled back, wearing a black turtleneck top with puffed sleeves and black pants, stands on a stone ledge. She is looking directly at the camera. In the background, there are ancient Roman ruins, including a large structure with several columns. The sky is a pale, hazy blue.

ROME

There are thousands of tourist guides for Rome, but my recommendation for you is to just go with the flow and feel this amazing energy of thousands of years of history. Take an espresso from [*Sant Eustachio*](#), a slice of “pizza a taglio” from [*Pizza Florida*](#) or a gelato from [*Giolitti*](#). Have dinner at Pizzeria [*La Montecarlo*](#). Try the pizza, of course, but also the *Linguine al Pesto* that carry you straight to heaven.

Zermatt five-lake trail

Distance: 9 km
Duration: 2 h 30 min
Ascent: 242 m

A pretty easy and beautiful trail in beautiful Zermatt. The views of the mountain lakes are superb (with the Matterhorn reflected in three of them), and the trail is full of variety. In the summer time you can swim in the lakes and enjoy a picnic.

Flims Laax Falera

Distance: 10 km
Duration: 2 h 45 min
Ascent: 360 m

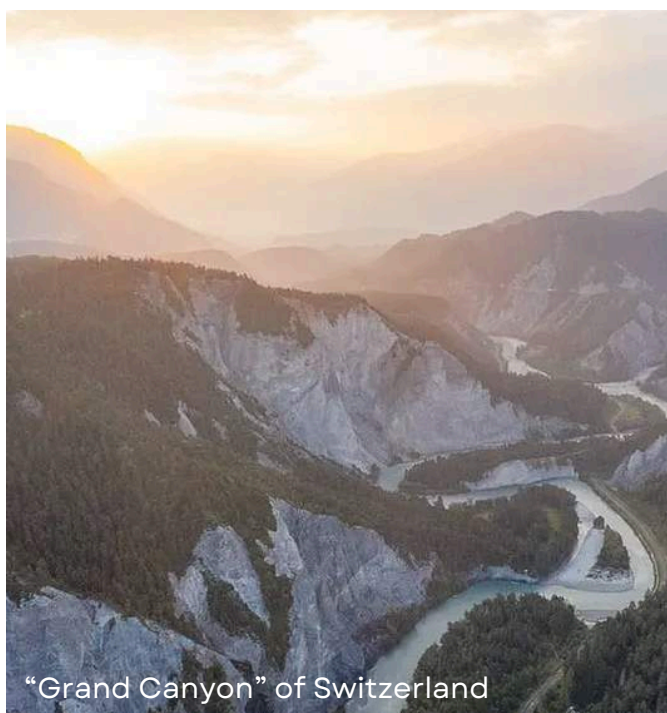

A gorgeous hike in Grisons featuring top class cuisine and spectacular landscapes - the road to the "Grand Canyon" of Switzerland is a pleasure in every respect.

San Salvatore: panorama trail to Morcote

Distance: 10 km
Duration: 3 h min
Ascent: 232 m

The superb panoramic mountain of San Salvatore is one of Lugano's landmarks. The hike from the summit through chestnut forests along the banks of the lake to Morcote is a true classic.

A little back story: It all began 10,000 years ago. Between the Flimserstein (a high plateau) and Piz Grisch over 10,000 million cubic metres of rock broke off and thundered down into the valley. Towards Reichenau the Upper Rhine Valley disappears under a gigantic mass of debris. From there the Rhine got to work, eating greedily through the rock and creating the spectacular Swiss "Grand Canyon" - the Ruinaulta.
