

TOGETHER, WE'VE GOT THIS

Get to know the new Ambu and all
that we have to offer emergency
medical professionals

Ambu® Emergency Medical Products

Ambu

Ambu[®] and King Systems[®] Have Joined Forces

We've got EMS covered better than ever before. From airway management to immobilization to ECG sensors, we have a full line of innovative EMS products. So you and your team feel the confidence in your hands. Together, we've got this.

Ambu[®] BlueSensor and White Sensor ECG Electrodes

- Unique offset concept
- Fast and stable readings
- Optimized adhesion

Ambu[®] SPUR[®] II Resuscitator

- Delivers tidal volumes which meet AHA standards for cardiopulmonary resuscitation*
- Unique M-port to support capnography during ventilation
- Ambu pressure manometer up to twice as accurate as most disposable manometers on the market**
- Optional pressure-relief valve with override function for when higher pressures are needed
- Integrated handle and rapid bag recoil help ensure uniform compression and reduce hand fatigue
- Pre-attached expiratory filter provides bacterial & viral filtration efficiency of $\geq 99.99\%$

*AHA guidelines state that tidal volumes of approximately 500-600 mL (6-7 mL per kg) are sufficient for adult resuscitation www.ahajournals.org/doi/full/10.1161/CIRCULATIONAHA.110.970939 ** Compared against the published performance specs of our major competitors.

Ambu[®] King LT(S)-D[™] Laryngeal Tube

- Superior patient ventilation due to 360° tissue seal above and below the glottic opening
- Stable during transport and CPR
- Improves outcomes in out-of-hospital cardiac arrest*

*Wang et al. LT vs ETI in Adult OHCA: the ROC Pragmatic Airway Resuscitation Trial. JAMA 2018

Ambu® Perfit ACE® and Head Wedge Extrication Collars

- Adjustable sizing
- Stores completely flat
- One piece flip chin

Ambu® Perfit ACE®

Ambu® Head Wedge

CPR Training Manikins

- Realistic
- Unique hygienic system
- Monitoring and feedback

Compression Depth Indicator

Unique Ambu Hygienic System

AmbuMan® Advanced

Ambu AuraGain™ Laryngeal Mask

- Superior seal pressure up to 40 cmH₂O
- Gastric access port and intubation capability
- Patented stabilizer pad to help ensure mask placement

Ambu® King Vision® Video Laryngoscope

- Durable, portable, affordable
- Reusable display, two blade design
- Video output for recording
