The Power to Advance

With over 60 years of manufacturing experience, Brewer has become one of the most trusted names in commercial seating. Industrial settings require seating that is comfortable, durable, and safe, all at an unbeatable price. Drawing on our extensive ergonomic research with Marquette University's Departments of Engineering, we have developed a complete line of industrial-strength seating that meets your needs for performance, safety, comfort, and durability.

In addition, Brewer seating solutions are proudly made in the USA. Our extensive line of solutions is manufactured to our rigorous quality standards and backed by best-in-class standard warranties. It's all part of our commitment to provide you with The Power to Advance.

For more information about the many ways we deliver The Power to Advance, contact your Brewer representative or local equipment dealer today.

The Brewer logo consists of the word "Brewer" in a blue, serif font, centered within a white circle that has a subtle drop shadow.
