General Electrode Care

- Electrode preparation and application should be supervised by a qualified healthcare professional.
- Inspect electrodes for wear or damage prior to use. If electrode wire, termination, or surface area is worn, discard the electrode.
- MFI Medical is not responsible for injury, infection, or other damage resulting from improper storage, preparation, use, or disposal of electrodes.

1. Reusable Surface Electrodes, Lead Wires, and Stimulating Bar Electrodes

- If the following symbol is absent from the original device label, the devices may be reused:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>✗</td>
<td>Do not reuse</td>
</tr>
</tbody>
</table>

Clean

1. Wash electrodes using water with detergents / enzymatic products (i.e. Dawn Ultra dish detergent) to remove foreign material using electrode paste, gel, or other adhesives.
2. Use a soft, clean brush to apply enough gentle friction to remove foreign materials.
3. Rinse thoroughly and verify residue has been completely removed.

Disinfect

1. Disinfect electrodes that may have had contact with mucous membranes or non-intact skin with a high level disinfectant (e.g. Cidex, Metricide, or Resert).
2. Consult with your facility's infection control policies for guidance in selecting the appropriate disinfection products. Non-corrosive disinfecting agents are preferred.
3. Electrode cables and electrodes that come in contact with intact skin but not mucous membranes may be disinfected with an intermediate-level surface disinfectant (e.g. Envirocide, MetriGuard, or Cavi Wipes).
4. Follow product specific disinfectant instructions found on disinfectant labels.
5. For maximum product life, do not expose electrodes to prolonged soaking or cleaning with corrosive agents (e.g. bleach water).
2. Disposable Felt Pads

The labeling carries the following information:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>⚠️</td>
<td>Non-sterile felt pads</td>
</tr>
<tr>
<td>✗</td>
<td>Do not reuse</td>
</tr>
</tbody>
</table>

Discard felt pads after use, following approved procedures for bio-hazardous waste.
