

age element brightening booster

Mechanism of Action:

Brightening, revitalizing concentrate. Moisturizes the skin and visibly reduces imperfections and expression lines.

Boosting Highlights:

- *Keratolytic, renewing action that removes dead cells, smoothes imperfections, and enhances radiance.*
- *Strengthens the epidermal barrier functions, promoting collagen and elastin.*
- *Dual antioxidant action.*

PRESENTATION

booster 10 ml / pack 3 x 10 ml

PROTOCOL

PHASE 1

Diagnose- Analyses the variables involved in the skin aging process, and defines a customised protocol for each client such as the mesoesthetic **age element brightening booster**.

PHASE 2

Preparation- mesoesthetic age element cleansing balm

- Spread the **mesoesthetic age element cleansing balm** with your hands over the clean, dry skin and start massage over the décolleté, neck and face. Moisten your fingertips until it becomes a light milk texture. Remove the product using a gauze or wet cloth.

Note: mesoesthetic age element cleansing balm texture transforms into wrapping oil during the massage and, in contact with water, it becomes a very light milky texture. Provides softness, and immediate deep moisture.

Phase 3

Stimulation- mesoesthetic age element resurfacing solution (combination peel) Exfoliating solution that prepares the skin and stimulates epidermal regeneration.

Active Ingredients: Combination of AHA and BHA: glycolic, maslinic, salicylic and mandelic acid to reduce imperfections, improve texture and enhance skin radiance.

Begin Stimulation.

- Soak **mesoesthetic age element resurfacing solution** with the two discs and begin the massage using first the smooth side of the disc on the décolleté, neck and face.
- End with the rough side of the disc to enhance the exfoliating action.
- Leave on for 5 minutes. (no need to neutralize)

Phase 4

Activation- mesoesthetic age element hydrabalance cream carries the active ingredients contained in the age element boosters

+ **mesoesthetic age element brightening booster**

- Place in a bowl 4 pumps of age element hydrabalance cream, then add the combination of **mesoesthetic age element brightening booster (2ml)**.
- Heat slightly in the hands, spread the product and begin massage.

Phase 5

Boosting- mesoestetic age element crystal fiber mask or mesoestetic age element instant firming mask + mesoestetic age element instant firming mask gel.

mesoestetic age element crystal fiber:

- Remove the internal protective layer and apply the semiclear layer over the face.
- Remove the external protective layer and leave on for 20 minutes.
- After removing the mask perform a gentle massage to complete product absorption.

mesoestetic age element instant firming mask + mesoestetic age element instant firming mask gel.

- Pour age element instant firming mask powder into a bowl and then pour over it age element instant firming mask gel and mix for 30 seconds.
- Apply over the face and leave on for 15 minutes.
- Remove as a single piece, lifting it from the edges.

Note: mesoestetic age element crystal fiber mask or mesoestetic age element instant firming mask + mesoestetic age element instant firming mask gel must alternate between weekly sessions, total of 5 sessions every 7 days.

Protect- mesoestetic® moisturizing sun protection SPF 50+, mesoestetic® melan 130+ pigment control, mesoprotech nourishing antiaging oil, light wáter antiaging veil and/or mesoprotech mineral matte anti-aging fluid.

- Apply a nickel sized amount of **mesoestetic® SPF** that best corresponds with skin type and gently massage onto skin until fully absorbed.
