GEEK FOREST SCIENCE FAIR

Calling All S.T.E.A.M. Enthusiasts!

Geek Forest will be hosting a unique version of a science fair! However, instead of focusing on solely science we will be extending it to the other important areas of education called STEAM which includes; Science, Technology, Engineering, Art & Math. We welcome you to bring your ideas, projects, experiments, artwork, research, models, board games, and more to present in our 1st Annual Geek Forest STEAM Fair with the community. The projects will be voted on and awarded to the top 5 that will be featured on our Geek Forest Website! This fair and contest is open to students ages 6-17, who will be divided into two separate age groups (6-11 & 12+) in all 5 Boroughs! However, due to limitations on space depending on how fast fair spots are filled up and the project type, the number of spots available for the contest will be capped so be sure to submit your proposals ASAP!

Hosted By: Geek Forest
Event Location: 67 West Street, Brooklyn, NY 11222
Event Dates: June 1st, 2019 (ages 12-17) & June 2nd, 2019 (ages 6-11)
Event Time: 1- 4pm
Project Entry Deadline: May 1st, 2019

Project Specifications:

The project must revolve around a question within the STEAM fields, which is very broad, meaning the limits are endless as to what you can ask and research. For example, your question could be; "Is it Slime or is it Putty?", "Why is Sci-Art different from regular art"?, "What does the future of AI technology look like?", "Why is a 3D printed heart better than current replacements"...etc. It can be as simple or complex as you would like to make it. All projects must have some form of explanation/background information attached to it in the form of a project display board, poster board, or computer display. Each group is required to fill out a project proposal form and communicate with the fair committee when necessary for status updates. If you are a parent helping your child with their project you are included as a supporting member. All participants will be required to attend presentation day. Proposals/Entry Forms are due ***May 1st, 2019 BY 5PM VIA EMAIL.*** You will receive confirmation of your proposal being received and reviewed by May 15th, 2019 via email.

Geek Forest Geek Fair Committee Contact Information:
If you have any questions or simply need support throughout the process whether it be with figuring out your project question, developing your project display, general questions...etc. feel free to reach out to us via email!

Please Review the Terms and Conditions of the Contest. By agreeing to these terms and conditions you are aware that as a participant in the Geek Fair you are fully responsible for ensuring that your project is completed by the presentation date and that all group members are present as well. Your entry fills a fair spot and if for any reason, you can no longer participate after receiving confirmation of your proposal by the fair committee, you must contact us immediately and at least 2 weeks prior to the event date. You are responsible for ensuring your thorough communication with us in order to ensure all your display needs are met and that the fair runs smoothly. As a participant, you are aware that you are eligible for prizes and recognition of your work. In addition to that, you are aware that your work will be displayed on our Geek Forest social media platforms, website, and promotion sites if you are in the top 5. All contestants give permission to be photographed at the event and have their work photographed as well.
