

Cartridge replacement is as easy as 1, 2, 3!

Step 1: Turn off water connection at the valve.

Step 2: Twist and remove old cartridge. Replace with new cartridge.

Step 3: Turn on water connection at the valve.

All 3 cartridges are recommended to be replaced every 12-months, or at its maximum capacity of 3000 litres.

Product Specifications

Product Name	Alkaline-3
Dimensions	290(W) x 106(D) x 340(H) mm
Filtration Flow Rate	1.6 L /min @ 2 bar
Operating Water Pressure	1.4 - 4 bar
Operating Water Temperature	5 - 38° C
Rated Filtration Capacity	3000 liters*
Cartridge Model	HF1P-M, HF1P-A, HF1P-C
Cartridge Lifespan	Up to 12 months

* For use with cold municipal water supply only

Proven safe drinking water

Tested in accordance to:

- APHA 922D and APHA9222G using E.coli bacteria
- US ANSI/NSF Standard 42 for reduction of chlorine, taste and odour (for carbon filter)
- WHO Guidelines for Drinking Water, Edition 2006

Ultrafiltration Drinking Water System

Premium Hyflux Drinking Water System

At Hyflux, we understand that a healthy lifestyle matters to you and your loved ones. That is why Hyflux undersink products contain a special proprietary ultrafiltration (UF) hollow fibre membrane technology to create clean, filtered water for the well-being of your body!

Whether at home or at work, our system provides high quality drinking water, without the hassle of boiling. It can be neatly tucked under the kitchen sink, or in an enclosed cabinet to keep the counter-top clutter free.

You can also have the option of pairing it with a D800 DEW Water Dispenser to provide your loved ones with hot, cold or room temperature water at a touch of a button.

Superiority of Alkaline-3 System

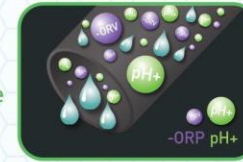

1st
Cartridge

ULTRAFILTRATION HOLLOW FIBRE MEMBRANE

- Filters impurities up to 0.01 micron
- Blocks out 99.9999% bacteria
- Reduces most viruses and cysts
- Removes turbidity, sand, silt, dirt and other sediments

2nd
Cartridge

ANTIOXIDANT ALKALINE CARTRIDGE

- Increases pH level of drinking water
- Reduces Oxidation Reduction Potential (ORP)
- Promotes hydration through micro-clustering of water

3rd
Cartridge

ACTIVATED CARBON CARTRIDGE

- Reduces chlorine present in treated water
- Removes any bad odour or foul smell

Quality water for the well-being of your loved ones

Hyflux filtration system provides clean, filtered water that you can drink direct from the faucet. No boiling water is required.

Antioxidant Alkaline water facilitates the pH balance in human body by reducing harmful free radicals.

Micro-clustering technology breaks down molecules into smaller clusters for better absorption by body cells.
