

FOLDING TAILGATE TABLE

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 1

With the tailgate open, remove the long plastic cover at the top of the tailgate, this can be done by pulling out on the bottom edge of the plastic.

Once all those clips have been popped out, the cover will slide down and come off.

FOLDING TAILGATE TABLE

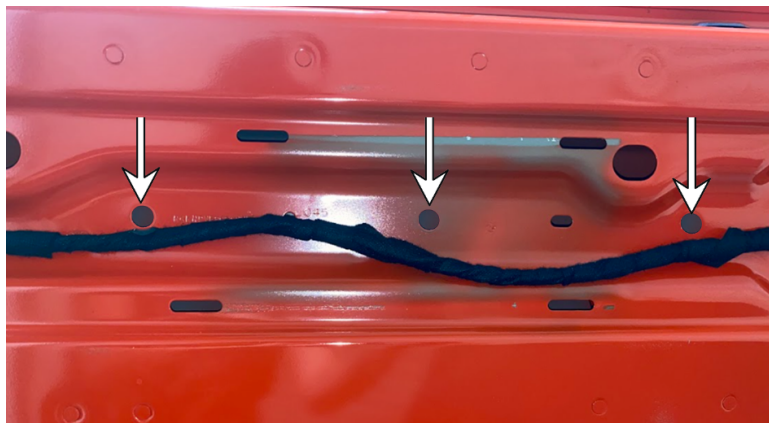

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 2

Open up your new tailgate folding table and hold it up to the stock tailgate and center it on the tailgate left to right, there will be room for adjustment afterwards as well.

The slots in the tailgate table will line up with 3 holes that were covered up by the plastic cover, and then the two large slots on the bottom of the tailgate. Mark these holes and set the tailgate table aside for now.

FOLDING TAILGATE TABLE

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 3

The holes and slots you marked in step 2 need to be enlarged to install the supplied crush nuts. Drill the holes out to $25/64$ ". For the slots at the bottom of the tailgate, we recommend finding a centered spot between the slot on the tailgate and the tailgate table, and drill that spot out.

Step 4

Install the supplied crush nuts into the holes drilled in step 3

FOLDING TAILGATE TABLE

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 5

Install the tailgate folding table onto the tailgate using the supplied bolts and spacers.

The included spacers are used on the top 3 bolts, The bottom 2 bolts do not need spacers

Tighten everything Down at this time.
