

FRONT LIGHT MOUNT KIT FOR THE MODULAR STOCK BUMPER

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 1

Remove the 4 front bumper bolts shown in the picture, save for reuse.

Step 2

Install main light bar onto bumper using hardware saved in the previous step

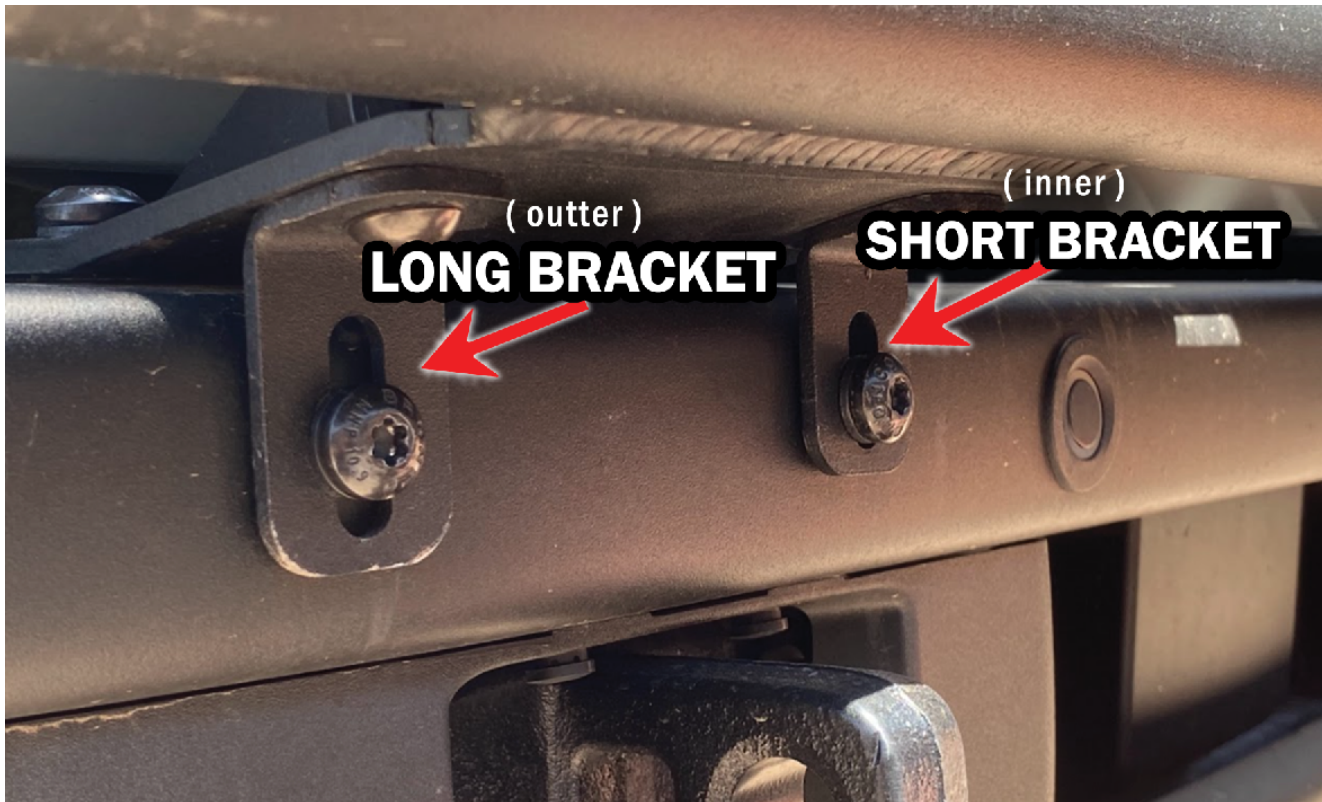

FRONT LIGHT MOUNT KIT FOR THE MODULAR STOCK BUMPER

INSTALL

FORD BRONCO & BRONCO RAPTOR

Step 3

Install additional support brackets using the supplied hardware, there are inner and out brackets, the inners are shorter, the longer ones go to the outside of the truck.

The long part of the bracket will go to the light mount, the short side will go to the bumper using the hardware saved in step 1.

Once all hardware is installed, tighten all hardware.
