# NSQUARE STUDIO

Limited Edition Designer  
Furniture | Handcrafted in India

## OUR STORY

---

We believe that well designed furniture can change the way you live.  
Once you start appreciating good design and craftsmanship then you can never go back!

N Square Studio is a furniture company that is started by two sisters - Nikita and Nitisha who both love design.

When we were designing our homes we realised that good furniture was not only difficult to find but also very expensive. In our search for affordable and beautiful furniture we began our journey of creating and making our own line of products with the help of some very talented local craftsmen.

**1. Want to see it first?**

Our studio is based in Hyderabad and if you are local to us, feel free to pop in. Our design team will be happy to help you with a range of colour and fabrics options on offer. If you do plan on doing this we recommend giving us a call on +91-9392922099 or +91-9989997775 to make an appointment.

**2. Do you deliver Pan india?**

Yes – we deliver to all major cities. Please contact us on phone or email us at [contact@nsquarestudio.com](mailto:contact@nsquarestudio.com) to check coverage in your city.

**3. How long do we take to deliver once the order is placed?**

Products that are in stock can be dispatched earlier. Please check the stock status with us over email or phone. Express dispatch is usually within a week of placing your order.

**4. Can you customise fabric & polish tones?**

Fabric and polish can be customised. Please refer to the link to our fabric library for catalogs we generally use for upholstery. These offer a wide variety of colour and print.

Alternatively if you would like to send in your catalog reference we are happy to source the fabric and customise the product for you. Please get in touch with the design team over email or phone to discuss this.

**5. Are the drawer channels soft closing?**

No. Regular drawer channels are included in the pricing. Soft closing channels can be done at an additional cost. Please email us at [contact@nsquarestudio.com](mailto:contact@nsquarestudio.com) to check costs.

**6. Can we send in our own fabric?**

Not at the moment. We want to ensure you have high quality durable upholstery options and only work with branded fabric from reliable sources. We are able to provide you with multiple colour options in cotton/velvet/suede or any other material you have in mind.

**7. How do we care for the upholstery and keep it clean?**

If something spills on your upholstery, use a clean, damp cloth to soak up the liquid. Never scrub the cloth and grind the stain into the fabric. We highly recommend consulting a professional cleaning service for stains. If spot clean is needed, ensure an upholstery shampoo or cleaner is used. When using a cleaner, test it in an inconspicuous area first.

**WARRANTY:**

We provide a one year warranty against manufacturing defects. We cover defects in material and workmanship for one year from delivery provided the product is properly stored, handled, assembled, maintained, and used under normal conditions in a non-commercial setting. "Defects" are defined as imperfection in material or wooden frame that will impair the use of the product.

This product warranty does not cover:

- 1) Defects caused by improper product storage, handling, assembly, maintenance, or use
- 2) Defects occurring to the product after purchase due to product modification, intentional damage, accident, misuse, abuse, or negligence,
- 3) Normal product wear and tear due to age including wearing or staining or loosening of fabric or leather or any such material. Normal wear and tear or damage from daily use is not warranted—for example, fabrics and leathers may naturally fade or deteriorate over time, and cushion cores may soften and lose shape. These are normal conditions are not considered manufacturers' defects and are not covered under our warranty.

Other exclusions include:

- 4) Labour or assembly costs,
- 5) Variations of colour or texture in products made of natural materials like fabric, leather, wood etc. are not covered by the warranty. Buttons on tufted products covered with fabric/leather are also not covered since we do not have any control over the usage of these products.
- 6) Commercial use of products or in any other setting outside of a personal residential setting.
