Hinged Container Ramp **Heavy Duty 6,500 kg**

The hinged container ramp is designed for bridging into standard containers from ground level. The self-levelling lip allows for full load capacity when on slightly uneven ground. The ramp footing folds up to allow access to the fork pockets for transport. Hand grip loops are provided for this purpose. The standard finish is painted enamel safety yellow.

Specifications:

- Safe Working Load: 6500kg.
- Width: 2200 mm.
- Length: 2000 mm.
- Pocket Size: 165 x 60 mm.
- Pocket Centres: 775 mm.
- Unit Weight: 275 kg.
- Manufactured strictly in accordance with AS 2359.1.
