

tina davies

The Tina Davies x Permablend collection has been tested by the CTL and passed the stringent tests described in Resolution ResAP(2008)1. The Resolution ResAP(2008)1 is at present the most stringent test on the market for Tattoo and Permanent Make Up (PMU) products.

About CTL:

CTL® GmbH Bielefeld has been conducting tests on Tattoo Colours and Permanent Make-Up since the last decade and issued certificates are renowned all over the world. CTL® has customers all across Europe, USA, Canada and Australia. CTL® is a world-wide leader in this field.

The CTL®-Database includes all Tattoo and Permanent Make-Up (PMU) colorants which have fully passed the stringent tests described in Resolution ResAP(2008)1. It gives tattoo studios and consumers the possibility to find products which are of the highest possible standard. All colorants listed in the CTL® Database have passed all of the tests in the mentioned ResAP Resolution.
