

RESELLER / WHOLESALE BUSINESS CONDITIONS

1. **Wholesale: Discounted prices are based on the quantity of plant orders - the more you buy, the less you'll pay.** All prices are accurate at the time of this writing and are subject to change without prior notice due to currency fluctuations and unforeseen economic circumstances affecting supply chains

Orders

2. Place wholesale orders through our dedicated order form or by emailing admin@cultivocarnivores.com. Please provide your full name, shipping address, and daytime contact number
3. A formal quote will be sent upon confirmation of your order and will be valid for 2 days. Payments are due upon order confirmation and can be made via bank transfer or EFT. Banking details will be provided with the quote
4. We always prioritise quality. Plants are delivered in a healthy and disease-free condition. Size information is provided, but as nature's product, some variation may occur
5. Please note that our plants are subject to seasonal availability. For example, Venus flytraps, purple pitchers, butterworts, and trumpet pitcher plants are dormant during the winter months (usually April to October) and may not display their full potential during this period

Order preparation, shipping & delivery

6. Summer is our peak season, and we experience high demand, particularly in wholesale and export orders. During the growing season, we kindly ask that you allow up to 7-10 days for order preparation
7. Listed prices do not include shipping or delivery fees, which will be quoted upon order confirmation
8. Shipping arrangements are made only after payment is reflected in our account. We do not offer Cash on Delivery (COD)
9. Orders within 50km of Centurion CBD are hand-delivered; for destinations beyond this range, orders are sent via courier
10. Shipping and delivery fees depend on the destination and the volumetric weight of the parcel. Potted plants, being heavier, may have additional charges. Surcharges, as quoted by the courier, will may apply for deliveries to plots, farms, regional- and remote areas
11. You'll receive a tracking number once your parcel is handed over to the courier company
12. Plants will be sent via the standard economy service provided by The Courier Guy and should reach you within 2-5 business days, depending on your location. Different carriers have their own schedules, and we cannot be held responsible for courier service delays
13. All plants are meticulously packed and protected to prevent damage during transit
14. **For guaranteed delivery before the Christmas holidays, please finalise orders before 28 Nov / 10 Dec**

General

15. Upon receiving your parcel, the responsibility is transferred to you. We strongly recommend researching the specific needs of each plant species. While we're available for guidance, we cannot be held responsible for declining plant health due to incorrect management, lack of light, neglect, water quality, soil conditions, etc
16. After-sales service is our priority. We offer advice and provide public workshops and training on carnivorous plant care at your premises. For a quote or to book a training date, contact Therese at Cultivo Carnivores (admin@cultivocarnivores.com or 064 628 9497). Our business hours are from 9 am to 4 pm, Mondays to Fridays
17. We welcome you to our carnivorous plant family and look forward to building a strong, long-lasting business relationship with you. By placing your order, we trust that you have read, understood, and agreed to our business conditions. If you have any queries, please email us at admin@cultivocarnivores.com
