

# Camp Slumberkins T-Shirt DIY

Follow the instructions below for making your Camp Slumberkins t-shirts!

## You will need:

Iron-on Transfer Paper (available at your local craft store, Wal-Mart, Target, etc.)  
InkJet Printer (see instructions on transfer paper)  
Scissors  
T-Shirt  
Iron  
Ironing Board  
Pillow Case or Thin Cloth

## Instructions:

1. Refer to your transfer paper instructions to determine if you need to print the badge reversed or not. **Most transfer papers will require a reversed design.** Make sure to choose the correct badge!
2. Choose your badge size. The large sizes work well for adult shirts, the medium sizes for child shirts, and the small sizes for baby and toddler shirts.
3. Following the instructions for your transfer paper, print the badge onto the paper.
4. Using scissors, cut around the outside of the badge design.
5. Following the instructions for your transfer paper, iron the design to your shirt.
6. That's it! Make sure to follow the care and washing instructions noted on your transfer paper.

We'd love to meet you!
