COMFORT CORNER SET

Thank you for purchasing this digital download! Contents are outlined below with printing specifications for each item. Many of these files can even be printed on a home printer if you want to begin using them right away. Should you have any issues with files or printing, please feel free to email us at hello@slumberkins.com. Please note that you will only be able to download your files a maximum of 3 times, so please be sure to save the files to your computer upon download for printing.

Wall Backdrop (1)

Transform any space into a Comfort Corner with this tranquil yet magical scene. This backdrop was created to provide children with a comforting visual for their safe space, to help them self-regulate when emotions get too big. It's a perfect environment for any child to relax and feel safe, comforted, and loved.

Printing Specifications:
3ft x 6ft
> Step 1: Download the backdrop image to your computer.
> Step 2: Select where you would like to print, looking for 3' x 6' banner.
> Step 3: Upload the image to the website you choose, following the steps of the website (see suggested step-by-step instructions below)
