

Make your home shine bright this season, just like the Minis!

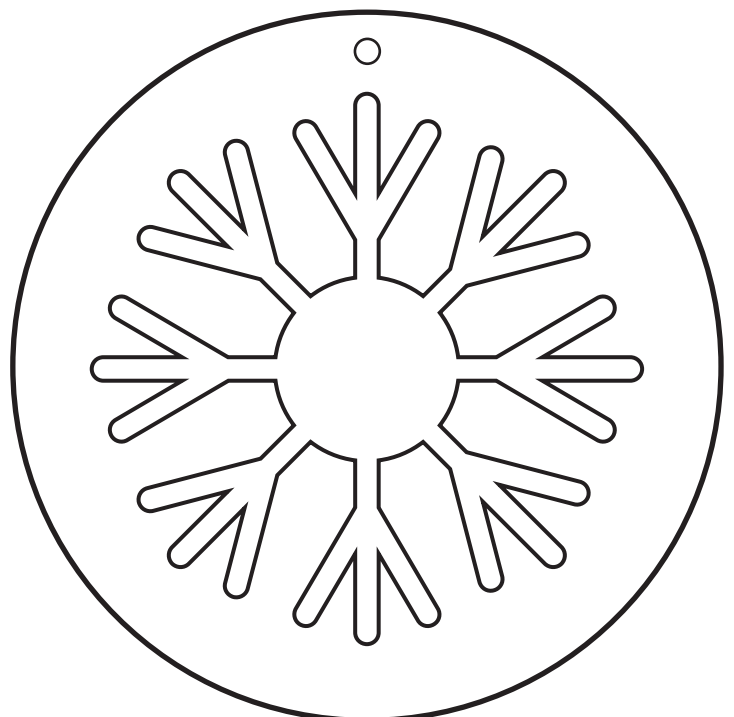

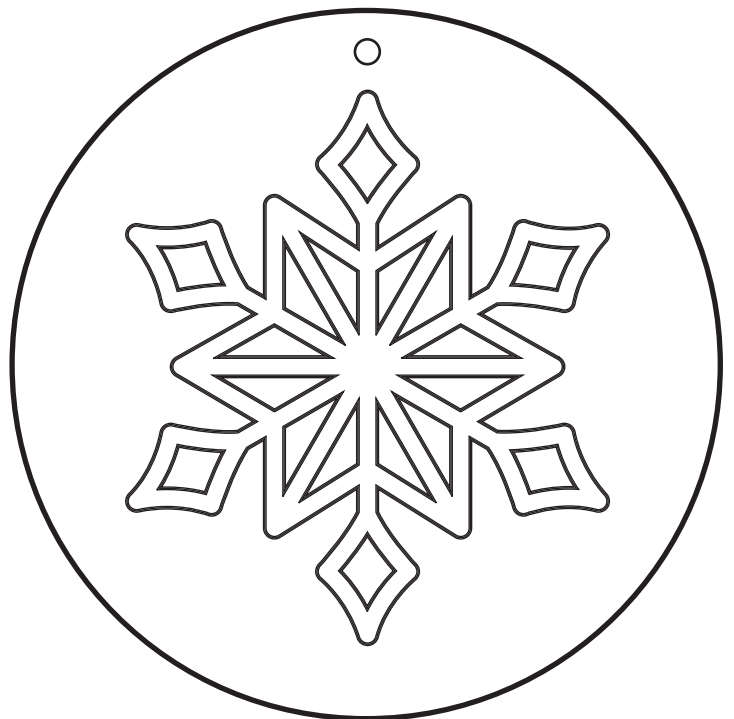

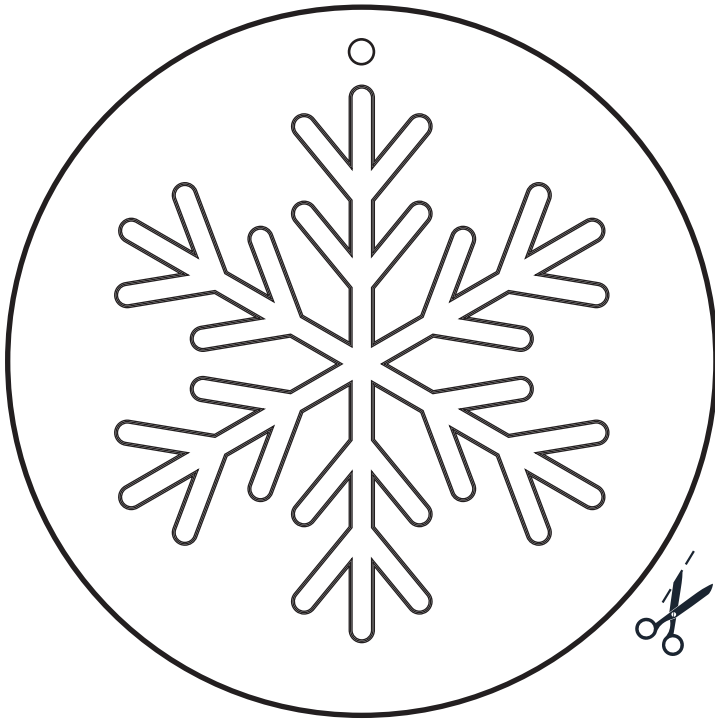

Directions: Color the stars, pine cones, snowflakes and lights,
cut each one out, tape each decoration to a long string with each 6 inches apart,
or hole punch and thread through the string and hang in the house.

Shine Bright Coloring Sheet

Directions: Color this scene from the Shine Bright Festival. You could even make yourself a cup of warm tea first!

Shine Bright Coloring Sheet

Directions: Color this scene from the Shine Bright Festival.
You could even make yourself a cup of warm tea first!

The bonfire warmed up every kin,
crowned in gold and pine.
Bigfoot went up on stage;
it was now his time to shine.

Paper Chain

Pick a theme for your paper chain. Maybe it's activities to do together or affirmations about your family.

1. Color some of the chains and write on others.
2. Cut out the strips.
3. Make the strip into a loop and connect with tape or glue.
4. Connect the next strip by passing it through the first loop to create a chain.
5. When you're finished assembling your chain, hang your chain somewhere special!

You decide!

I go to bed,
I snooze and
slumber.

I crawl into bed
and have dreams
full of wonder.

I slow down and am calm,

I sit very still.

I take deep breaths,
relax and chill.
