**INGREDIENTS:** Frankincense, Myrrh, Copal, Bay Leaves, Sandalwood, Lavender, Sugar, Rosemary, Orange Peel, Cinnamon, Rose Petals, Earth Pigments, Amber, Jojoba Oil.

**AROMA:** Balsamic spicy, oriental wood, and slightly herbal.

**INTENTION:** Purification, and spiritual and energetic cleansing.

**PRODUCT DESCRIPTION:** This natural mixture is the building block for all of our resin blends. In this classical mixture, we include only basic ingredients to allow our customers to create their own blends by adding their favorite oils and herbs, or to enjoy the mixture of sacred resins as they are.

**PRODUCT NAME:** Ramakrishnananda was our first brand name and was given to this blend as it is the foundation of our resin incense line.

**PRODUCT ATTRIBUTES:** This basic resin blend is comprised of pure and natural resins, dried herbs, and spices, scientifically designed to maximize the purification and environmental cleansing effect. Our authentic resin incense aromas are so powerful that half a teaspoon burned on a small piece of charcoal will fill up your entire home or business with a mood-transforming scent. For a complete purification ceremony, use this after burning sage.

**WHY CUSTOMERS LOVE IT:** This blend of natural and pure resins, along with herbs and oils, has been blessed with mantras and combined in accordance to ancient shamanic wisdom. Abundant with spiritual and energetic qualities, it can be burned alone or mixed with fragrant and healing herbs and oils to create homemade, unique blends for purpose or pleasure.

# HOW TO BURN RESIN INCENSE

What you need:

- Fireproof bowl made of metal, ceramic, or stone.
- Charcoal tablets.
- Lighter or matches.
- Resin incense.

Take one charcoal tablet.  
Light the edge of the charcoal tablet until you see sparks.

Carefully place the charcoal in the incense burner. Let it burn for 1 or 2 minutes.

Take a half teaspoon of resin incense and place it on top of the charcoal. Place the bowl in a safe area far from the reach of children, pets, or flammable materials.

**LINE DESCRIPTION:** We carry three Resin Incense Lines: Purpose, Chakra, and Basic. The Purpose Line has six fragrances. Each blend is designed for a specific and positive purpose: to create passion, clear negativity, attract wealth, peace, happiness and health. The Chakra Line has seven fragrances. Continued use of these specially designed blends helps strengthen qualities related to each chakra, such as serenity, creativity, self-confidence, sensitivity, wisdom, concentration and enlightenment. Our Basic Line offers three tree resins that have been used in mystical and spiritual ceremonies for thousands of years, in their pure dried forms. These pure resins can be burned on their own or mixed with other aromatic herbs to create your own blend. This line's only blend, the Ramakrishnananda Blend, contains all three resins as well as herbs and fragrant oils, ideal to be burned on its own or used as a base for your own blended creation.

**PACKAGING:** We offer two sizes: 1.2 oz bags and 2.4 oz jars. **Bags:** Clear plastic pouch stapled to a colorful label made of 100% recycled cardboard, features Indian art. Designed to hang from a rack. **Jars:** Clear recyclable containers, comfortable screw-top lid. Colorful and appealing art work of Indian origin portrays an elegant and ethnic image, and displays the location of the chakra, its ancient Sanskrit symbol and the color of its correlating element. The fragrance remains contained in the jar, keeping its aroma fresh without influencing other nearby items.

**MANUFACTURING PROCESS:** The resins are derived naturally from trees. We mix them by hand in the USA with other natural fragrances. Each blend is then infused with mantras to increase its spiritual and energetic power, in accordance to the ancient shamanic tradition.

**CERTIFICATIONS:**

- Certified Vegan
- Gold-level Green America Certified Business
- Better Business Bureau (BBB) Accredited Business: rating A+

**SUSTAINABILITY:** Ingredients are hand-harvested and minimal waste is created in the blending and packaging processes. Our U.S. production facility and warehouse uses energy-efficient electricity and maintains the policy to save as much energy as possible by our environmentally conscious staff. Shipping materials are made from recycled and reused packaging products.

**CHARITABLE CAUSE:** Prabhuji's Gifts supports Bhaktivedanta Mission, a New York-based, nonprofit religious organization that is home to a spiritual community. The mission's volunteers perform devotional service to others, a yogic spiritual practice, and the mission runs humanitarian projects including the Prabhuji Food Rescue Program, in which the organization feeds people in need in the USA, Dominican Republic, Colombia and India. By purchasing Prabhuji's Gifts products, you help support these causes.
