

PALO SANTO AND CINNAMON CONES FACT SHEET

PALO SANTO AND CINNAMON CONES

KEY FEATURES:

- Part of a shamanic tradition.
- Aromatic 100% natural incense.
- Energetically purifying.
- Imparts protection and brings prosperity.
- Certified Vegan.
- These cones are handmade in the rural Colombian Andes, providing employment to marginalized artisans.
- Sustainably harvested.

INGREDIENTS: Palo Santo (*bursera graveolens*), bamboo, coconut, Cyprus wood, fruit juice, cinnamon bark.

AROMA: Woody and warm.

INTENTION: Protection and Prosperity.

PRODUCT DESCRIPTION: These 100% natural shamanic incense cones feature sustainably harvested Palo Santo wood that grows in the Amazon rainforest. Blended by hand with cinnamon bark, these Incense Cones bring protection.

PRODUCT NAME: Palo Santo means “holy wood.” This name was given to this mystical tree when Spanish monks explored the Amazon, tested its qualities and realized their hidden properties.

PRODUCT ATTRIBUTES: The spirit of the Palo Santo tree carries a wisdom that enables the smoke of this wood to heal people but it is a delicate process of respect. The tree cannot be cut down and is only harvested years after it has fallen from natural causes, causing its essential oils and properties to become enhanced. Its aroma resembles an irresistibly mystical combination of resin and cinnamon when burned, but it is unique for a reason that many will not expect. Shamanic wisdom explains that an attraction to the aroma of Palo Santo is a sign of emotional and spiritual purity. Shamanic wisdom teaches that the smell of cinnamon keeps evil spirits away. Palo Santo has been burned by Shamans for centuries to clear negativity, attract positive vibrations, and allow the naturally fragrant smoke of this sacred wood to enter energetic fields. It also enhances meditation and concentration.

WHY CUSTOMERS LOVE IT: These 100% natural incense cones feature the sought-after Palo Santo wood, known for its natural aroma and energetic qualities that shamans say are released when the wood is burned. By blending it with other natural ingredients and molding it into cone incense, it is easier to burn and enjoy.

UPC: 8-09581-22012-4
Length: 3"
Width: 4"
Height: 1"
Weight: 0.176 lb
Contains: 6 cones

PALO SANTO - SKU: 220-12

LINE DESCRIPTION: These 100% natural incense cones feature the aromatic Palo Santo wood that are harvested sustainably in the South American rainforest from trees that fell naturally, allowing the aroma of its natural oils to intensify. In the rural Colombian Andes, this mystical wood is blended with other natural ingredients and made into cones for your spiritual intentions and pure enjoyment.

PACKAGING: Cones are wrapped in tissue and stored in box-shaped packages designed to hang from a rack. The packages are made from 100 percent recycled, unbleached cardboard decorated with an attention-grabbing South American design.

MANUFACTURING PROCESS: The main ingredients are harvested sustainably and the cones are made by hand.

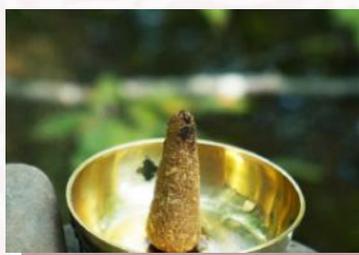

CERTIFICATIONS:

- Certified Vegan
- Gold-level Green America Certified Business
- Better Business Bureau (BBB) Accredited Business: rating A+

SUSTAINABILITY: Our Palo Santo wood is harvested only from trees that fell naturally, making the product sustainable as it does not interfere with the trees' natural cycle.

CHARITABLE CAUSE: Prabhujī's Gifts supports Bhaktivedanta Mission, a New York-based, nonprofit religious organization that is home to a spiritual community. The mission's volunteers perform devotional service to others, a yogic spiritual practice, and the mission runs humanitarian projects including the Prabhujī Food Rescue Program, in which the organization feeds people in need in the USA, Dominican Republic, Colombia and India. By purchasing Prabhujī's Gifts products, you help support these causes.

How to Burn Palo Santo Cones

Place the cone's base on a fireproof dish.

Light the tip with a lighter or matches.

Gently blow out the flame so that only an ember remains and a steady stream of smoke is released.

Enjoy the purifying aroma of Palo Santo!
Use with caution and never leave unattended. Keep out of reach of children and away from flammable articles.
