Foxx Life Sciences' EZBio® GL45 Cap with VersaCap® technology is leak-proof and provides the ultimate in top-connection flexibility for plastic and glass bottles. Open Versa-Cap® is compatible with a variety of adapter inserts, enabling users to quickly change the top connections of each bottle to match their application needs. VersaCap® offers finger grips that allow for easy tightening and opening.

The EZBio® GL45 Cap includes molded-in hose barb (HB) options, available in a closed cap, open cap and closed adapter, 2x 1/8" HB, 2x 1/4" HB, 3x 1/8" HB, 4x 1/8" HB in both white and natural colors. All EZBio® GL45 Caps and adapters are made from polypropylene, which may be autoclaved at 15 PSI and 121°C (250°F) for 20 minutes.

- 1 Adapter inserts, enabling users to quickly change the top connections of each plastic or glass bottle to match their application needs.
- 2 Ultra pure EZBio® GL45 Caps are available in open and closed options
- 3 PUREGRIP® Round Glass Media Storage Bottles combine the leading quality of BOROSIL® 3.3 Borosilicate Glass with the patented advantages of the new Foxx GL45 VersaCap® to produce a true leap forward in laboratory glassware. Ideal for mixing, storage, and transportation of media, buffers, chemicals, and solvents, PUREGRIP® Bottles offer versatility across a wide variety of laboratory needs.
