

Low Retention Pipette Tips

Samples retention is ten times lesser than our standard pipette tips.

Highly homogeneous surface prevents non-specific binding.

DNase, RNase, Human DNA, ATP, PCR Inhibitor and Pyrogen free.

Tips are also free from Bacteriostatic & Fungistatic property that gives tips a unique feature to work in microbiological lab.

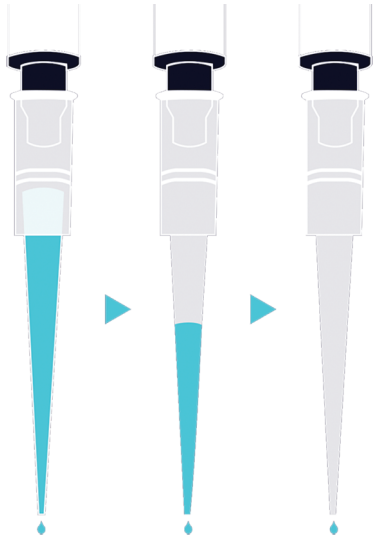

Optimal surface for enhanced dispensing. Minimal sample loss of highly viscous liquids or samples containing detergents.

The use of the latest injection moulding process produces high precision, thin walled tips with high clarity for better visibility of sample.

Save money on costly reagents.

All tips are manufactured from ultrapure USP Class VI certified, Virgin PP (Polypropylene to ensure the highest quality free from heavy metals, natural rubber and inhibitory plasticizers)

Abdos Ensures Lowest Sample Retention With Its Last Drop Pipette Tips

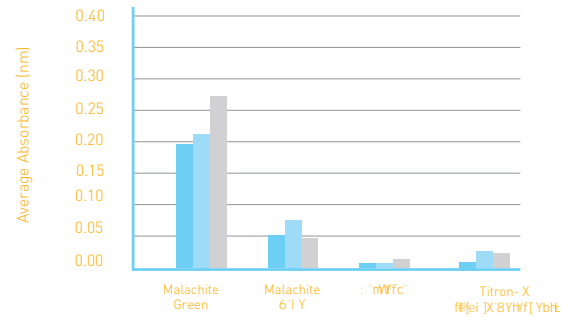

- Abdos last drop low retention pipette tips are manufactured from ultra pure USP class VI certified virgin polypropylene to ensure the highest quality & conforming to US FDA 21 CFR. Free from heavy metals, natural rubber & inhibitory plasticizers.
- The universal tip collar fits all popular pipettes.
- Diamond polished moulds for an extremely hydrophobic & smooth surface to ensure lowest retention in its class.
- Advanced super hydrophobic material, confirming retention level is 10 times lesser with viscous samples than standard pipette tips to save on costly reagents.
- The use of the latest injection moulding process produce high precision, thin walled tips with high clarity for better visibility of sample & highly homogeneous surface free of defect sites, preventing non-specific binding.
- Optimal surface for enhanced dispensing behaviour & minimal sample loss of highly viscous liquids or samples containing detergents.
- Sterile tips has been validated according to ENISO 11137-2; SAL 10⁻⁶.

Abdos Last Drop pipette tips clearly reduce sample loss. As seen in the graph, it clearly indicates that Abdos Tips retained least amount of residue and saves on costly reagents.

- 200 µl Abdos Standard Tips
- 200 µl Abdos Last Drop Tips
- 200 µl Tips of Competitor (A)
- 200 µl Tips of Competitor (T)

| Code | Product Description | No. Per Case |
|--------|---|-----------------------------|
| P10040 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, Graduated, 0.2 - 10 µl | 10 Racks x 96 pcs (960 pcs) |
| P10041 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, Extended Graduated, 0.2 - 10 µl | 10 Racks x 96 pcs (960 pcs) |
| P10042 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, Bevelled Graduated, 2 - 200 µl | 10 Racks x 96 pcs (960 pcs) |
| P10043 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, Ultra Point Tip Orifice, 2 - 200 µl | 10 Racks x 96 pcs (960 pcs) |
| P10044 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, Graduated, 2 - 300 µl | 10 Racks x 96 pcs (960 pcs) |
| P10045 | ABDOS Last Drop Low Retention Pipette Tips, Sterile Racked, 100 - 1000 µl | 10 Racks x 96 pcs (960 pcs) |
