DEUS A TECHNOLOGICAL BREAKTHROUGH !

The XP Deus is a true breakthrough in metal detector technology and design. Its patented winning formula is based on three key elements: A lightweight search coil, a feature packed remote control module and programmable headphones, all are unique because they communicate with each other via a digital radio link. Through the incorporation of cutting-edge technology, The DEUS achieves power, speed and precision, all in a lightweight and compact design.

HOW DOES THE DEUS WORK ?

The search coil contains the essential components for instant signal processing. The signal is digitized and analysed directly at the source by an ultra-miniature digital circuit, this greatly improves quality and target information. This circuit, which is integrated into the search coil, processes the information and sends it to both the headphones and remote control in real time via a digital wireless radio link...No more wires !

SWITCH OFF THE REMOTE CONTROL ...

THE HEADPHONES CONTINUE TO WORK !

The headphones alone can become the detector, enabling you to go detecting with an even more portable configuration (just 800g inc. coil cover). In the absence of the remote control, you can access all the main menu functions via the headphones.

Discrimination - Sensitivity - 4 frequencies (4, 8, 12, 18kHz)
Ground Balance - From 2 to 5 tones - Pitch, Full Tones - 10 factory programs - 8 empty slots for you to save - LCD target ID - Volume - Coil select - Battery condition displayed

Even programs previously created with the remote are uploaded automatically to the headphones.

DEUS DEEPER, FASTER !

- 4 frequencies (4 kHz, 8 kHz, 12 kHz, 18 kHz) + / - keys.
- Adjustable Power and Recovery (2 or 3 times faster/ slower than the XP Gold Maxx Power).
- Audio Response, Iron level, Multi-tone, Notch, Discrimination..
- Advanced menu functions available (Expert Mode).
- Ground balance options: Tracking, Pumping, Manual, Beach.
- 4 non-motion modes with audio and meter discrimination.
- Extended discrimination range, with even greater precision for iron rejection.
- 10 pre-configured factory programs + 8 user memory slots for custom programs.

DEUS LIGHTER, MORE COMPACT !

- Wireless remote digital link, 36 channels with automatic selection.
- Ultra light detector: 900 g (Deus Full) or 800 g without wireless control box on stem.
- Remote Control pocket sized (hip mount case provided),
- Graphic display, backlight and intuitive screen.
- 9" Carbon fibre impregnated 2D coil, both light and waterproof.
- Wireless headphones, with their own integrated Menu's and screen, Tough weatherproof housing.
- USB standard protocol to recharge and download new software / updates (via XP website).
- Lithium battery.
- Battery life: Coil ± 16 hours, Remote and Headphones ± 27H
- Fast and intelligent charger, charge all 3 items simultaneously.
- Warranty 5 years parts and labour.
- Optional Accessories: Mini emergency charger, large search Coil 34/28cm (13"x 11"), clip jack adaptor, waterproof armband, underwater antenna, Ws4 stem mount, Ws4 wrist band, tough transport / flight case, silicone case, FX-01 lightweight headphones, waterproof earphones
