INTRODUCTION

Company Summary

Bali Reef Aquarium was established in August 2003 by Yoki Sinugroho with the aim of becoming the largest and most reliable aquarium retail store and aquatic specialist in Bali.

Bali Reef Aquarium is the pioneer of the aquarium business in Bali, which has since grown progressively, becoming more professional as an aquatic contractor and supplier for aquatic design in Bali. With this expertise we have been able to satisfy many demands for large groups of Star Hotels, Private Villas and Residences, whether acting as professional advisor, contractor or aquatic goods supplier. We have supplied to many established commercial companies and industrial fish farming, to name a few are Apurva Kempinski Hotel, Taman Safari Bali, Beachwalk Mall Bali, and AYANA Resort and Spa Bali.

Following the massive expansion of our company since 2003 UD Bali Reef Aquarium became a limited liability company and the name was changed to PT Bali Akuatik Solusindo, while continue to use Bali Reef Aquarium for its main brand

As an aquatic goods supplier, we provide a large variety of fishes, plants and aquarium equipment ranging from marine fishes (Fish and Invertebrate), freshwater fishes (koi, arowana and tropical fish), aquariums and aquatic equipment, fish foods and many more. Our retail stores are currently located in Sanur and Marlboro Indah, Bali, Indonesia.

Company Vision

Our vision is to become the default destination for customers to find solutions for their aquatic project, no matter who and how they want to shop.

And to become a major company which excel in aquatic discipline such as: Production, consultation, traders, research and development. Which promotes efficiency in the industry and also awareness of the environment.

Company Mission

To accelerate the advent of sustainable Aquatic Industry by empowering our customers through simplifying the solutions towards their aquatic project, in materials, information, and services.

Company Core Values

Faith- To have a deep belief that we will achieve our vision by executing our mission day by day.

Integrity- Upholding a strong moral principle, as your reputation is dependent on it

Creativity- Creating originality, and beautiful solutions. No matter what, no matter how.

Passion- To love the process, no matter what as nothing is instantaneous .

Support- No one can do this alone. Support and collaboration is needed among colleagues, customers, and suppliers.

Board of Directors

Yoshua G. Sinugroho B.Sc
Managing Director

Graduated from one of the most prestigious university in Marine Biology namely James Cook University, Yoshua has a wide ranging experience in Aquatic Projects, Aquaculture, as well in Aquatic RnD.

Evelyn Sinugroho B.Sc Arch
Director of Sales & Marketing

With her background in design industry, Evelyn currently specializes in the company's sales, marketing and retail operations. She aspires to grow the aquatic community and therefore grow its market to become a mature industry in aquatic hobbyist.

Yoki H Sinugroho
President Commissioner

Yoki is the founder of Bali Reef Aquarium, in which he started the business in August 2003 due to his long lasting hobby of constructing and maintaining marine life inside an aquarium. Yoki started more than a decade ago and now has become the biggest retailer, contractor and consultant of aquatic system in Bali.

Maria W Sayono
Commissioner

Maria joined Bali Reef Aquarium in 2007 acting effectively as the administrator manager and head accountant of the company. Prior to joining Bali Reef Aquarium, she has had the experience of running a garment production and export business. And before that, she had experience as an accountant at Iskandar Textile factory in Solo, Java.

Company Members

At Bali Reef Aquarium, we have 30 dedicated staff to operate the business, divided into 5 departments, Retail, Marketing, Project and Maintenance, Back office and administration as well as livestock team. We have dedicated staffs that take great care of our aquatic livestock and retail shop and quarantine center. Some of the staff members are also specialized in the construction and development of large scale aquarium along with the installation of vital equipment that acts as a life support system for the entire aquatic ecosystem. All members of our staff are trained and has experience in the aquatic industry and therefore are more than capable of handling the daily operations and troubleshooting at Bali Reef Aquarium.

Notable Projects

Building a 3.5m long aquarium project setup in Nagisa Villa, a Japanese distribution co. in 2008.

Picture of villa kacang pond project 2008 in Jasri Beach, Karangasem, Bali

We have accomplished a pond building project in 2008, based on the Architectural design drawing, until we can setup the filtering system and placed 500 koi fishes that have thrived and breed inside the pond until now.

In this project includes waterfall and a small well and river running down into the pond.

tribunbali • Karyawan tampak melakukan perawatan pada coral- coral yang akan dijual di Bali Reef Aquarium yang berlokasi di Jalan Hangtuah, Denpasar, Senin 2 Juli 2021.

Operational Manager & Desainer Bali Reef Aquarium, Evelyn Sinugroho mengatakan coral dan ikan hias air laut makin banyak diminati masyarakat selama pandemi Covid-19.

"Kalau keseluruhan disini lebih banyak peningkatan penjualan coral dan ikan laut. Coral yang diminati blasto, batu jeruk merah, montipora, siwala hijau dan kuning," katanya.

Menurutnya, harga ikan air laut dibandrol mulai dari Rp10 ribu hingga...
