2, Basic Buttons Operation

Power on: Press multifunctional button for 2 seconds. Blue LED flashes 2 times. Headphone turned on.

Power off: Press multifunctional button for 3 seconds. Red LED turns off after flashes 2 times. Headphone turned off.

Volume adjust: Press 'Volume up' or 'Volume down' button, one level volume changes. When volume reaches to Max or Minimum, "Tick" reminding voice occurs.

Play/Pause: Press multifunctional button, music pauses. Press it again, music continues.

Previous: In standby status, press and hold 'volume down' button for 2 seconds, music turns to previous one.

Next:: In standby status, press and hold 'Volume up' button for 2 seconds, music comes to next one.

Answer Call: Press multifunctional button to answer phone call.

End call: Press multifunctional button, phone call ended.

Reject call: Press 'Volume up' button for 2 seconds to reject a call.

Transfer call: During the phone call conversation, press 'Volume up' button for 2 seconds, call switched to mobile phone. Press 'Volume up' button for 2 seconds again, call switched to headphone.

Last number redial: In standby status, press headphone multifunctional button twice continuously to redial the last number.

Call Mute function: Press 'Volume down' button for 2 seconds, call mute. Press 'Volume down' button for 2 seconds again, call mute function cancelled.

Battery Capacity status: When headphone is connected to iOS devices, the headphone battery power status showed on the upper right corner.

Charging: New headphone has enough power for pairing and dialing out for several times. When in low battery, please charge via USB cable for 2 hours. Red LED keeps lighting during charging. Blue LED keeps lighting, charging finished.

Reset Mode: Connect the headphone to computer via micro USB cable. When red LED light flashes, headphone reset finished.

3.5mm music line-in function : Connect Audio line in cable to 3.5 audio jack for wired music.

Phone call function cannot be used in this mode

The headphone is on or off status

- 1, Connect the 3.5 audio wire to the headphone and audio player.
- 2, You can adjust volume button of the audio player or the mobile phone to reach right volume to listen music.

3, Pairing (One headphone support connecting 2 phone devices)

Pairing with one phone or other devices

Make sure the headphone is powered off.

Keep pressing multifunctional button for 5 seconds to enter pairing mode.

After red LED & blue LED flash alternately, activate bluetooth function on your phone or device and search for headphone. From the list of found devices on your mobile phone, select the headphone “F5” to connect it. Follow the instruction to enter “0000” as PIN if the mobile phone reminder appears. Headphone or device can be used to play your phone music or dial phone call etc.

4, Sound quality with Aptx code

Featuring the apt-X codec, the headphone can connect wirelessly to any apt-X enabled devices, vastly improving the quality of bluetooth streaming and delivering CD-quality sound.
