Sample Comments

Tibolone
Trenbolone
Zeranol

Test result was not verified by analysis of an independently obtained sealed product.

Mass Spectrometric analysis was performed on the supplement submitted for testing. The results on this report are solely applicable to the lot number(s) referenced on the product's packaging (if applicable) submitted for testing. The results from a single container/lot test do not indicate certification, endorsement, or safety of use of this supplement.

Nonbiological analyzed at Aegis Sciences Corporation

345 Hill Avenue, Nashville TN 37210 (CLIA: 44D0709937).
