

AS YOU SLEEP

Your body gives off heat, excretes fluids and sheds old skin and hair cells, creating an atmosphere inside your mattress and pillows that is warm, humid, and rich in decaying organic matter. This is the exact environment where harmful microbes flourish!

MOLD, MILDEW, FUNGUS AND BACTERIA

You are constantly breathing in harmful microscopic particles that are inside an unprotected mattress and pillow.

DUST MITES

Dust mite allergens inside our mattress and pillows have been identified as the major trigger of asthma attacks and many allergic reactions.

FATIGUE • ECZEMA • RASHES
SNEEZING • CONGESTION • HEADACHES
ITCHY WATERY EYES • ASTHMA ATTACKS

10 YEAR Warranty

- Against stains and manufacturer's defects on mattress protector
- Against stains on new mattress, only when bought at the same time

Sleep Healthy

WITH HEALTH PROTECTION PLUS

Comerco offers a ten (10) year warranty* plan in 3 points that covers:

1. Any defect found in workmanship or material.
2. Accidental stains caused by food, beverages, medication and body fluids of human or animal origin on:

- The mattress protector;
- The mattress, if the mattress protector is installed and if both articles were purchased at the same time.

*Please refer to the included Terms and Conditions of the warranty.

HEALTH PROTECTION PLUS

Maintains a healthy allergen and stain-free sleep environment.
