

Beautyrest®

HARMONY™

CAYMAN SERIES

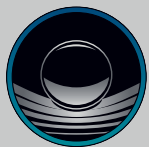

Beautyrest® Harmony™ features our latest innovations in support, comfort, and cooling all working together in *harmony* for a better night's rest. It's new innovative coil design and support system, pressure relieving foams, cooling technologies and sustainable fabric technology make it the essential choice in comfort and environmental sustainability.

IDEAL SLEEP TEMPERATURE

NaturalCool™ - Features eco-friendly TENCEL™ yarn for exceptional breathability and moisture management above an antimicrobial performance layer to help keep your mattress fresh and cool for a great night's sleep.

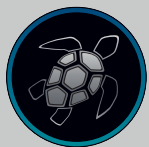

PRESSURE RELIEF FOAMS

AirCool® Foam - Get cool, comfortable sleep with AirCool® Foam which has a channeled design that allows airflow through the mattress.
Beautyrest® Charcoal Memory Foam - Premium plant-based memory foam infused with charcoal to provide natural cooling.

TARGETED SUPPORT SYSTEM

Powered by T1 Pocketed Coil® Technology - Featuring 50% more steel per coil paired with a dual-stage coil design invented by Beautyrest®. It is located within the center of the mattress to provide additional support under heavier compression where you need it most.

SUSTAINABLE COMFORT

Seaqual™ Fabric Technology - Promotes cleaner oceans by recovering ocean plastics and transforming them into luxurious, high quality sustainable fabrics. Each queen mattress is the equivalent of up to 25 plastic water bottles recovered from our oceans.
