

**LUMI**  
**LUXE**

# Contents

---

## Features

**Three Dimmable LED Lights** / Our LED lights are designed to mimic natural sunlight providing a brighter, color-corrected reflection of your skin.

**Two Mirrors** / 1x and 10x magnification made from premium quality glass. The dual magnification lets you choose between a detailed view or a full view of your reflection.

**Ready-to-go** / At just under 5", Lumi Luxe is small and light enough to carry around in your purse, luggage or bag for easy access.

**Eco-Friendly Power** / Lumi Luxe is designed with a rechargeable battery that lasts up to 10 hours with a full charge to reduce waste and save power. The smart sensor allows for automatic on/off when the mirror opens and closes.

---

## Lights

**Light 1 - Soft White** / Perfect for creating a makeup look for an evening occasion such as a date night.

**Light 2 - Natural Daylight** / All-round ideal light for daytime makeup as it simulates natural sunlight.

**Light 3 - Neutral White** / True neutral white (no red or blue hues). Use this setting to get photo-ready.

---

## Let's Begin

### Turn it on

- 1 /** We recommend charging Lumi Luxe when you first receive it to ensure the battery is fully powered. Follow the instructions in the **Stay Powered** section to read how.
- 2 /** To turn on the **LED lights**, simply open the mirror. The LED lights will shut-off when you close the mirror and automatically come on again when opened.

- 3 / Lumi Luxe has three different LED light options. To cycle through the different light settings, tap the **touch button**. Lumi Luxe will remember the last setting you used when you power it back on.
- 4 / Holding down the **touch button** will cause the light to dim or brighten. The light is dimmable in every setting.
- 5 / To continue using the Lumi Luxe without the **LED lights**, simply tap on the **touch button** 4 times.

**Note:** The light will automatically turn off after 30 minutes (-1.5/+1.5 minutes) to conserve power.

---

## Stay Powered

- 1 / Use the included **USB cord** to charge the battery.
- 2 / You will find the **Micro USB port** located at the right side of the Lumi Luxe. Attach the **USB cord** and connect the other end to a power source. The battery takes approximately 2 hours to fully charge.
- 3 / When charging, the light on the right side of the Lumi Luxe will flash red. When fully charged, it will flash green.

---

## Warnings

- 1 /** Keep this product away from young children and pets. This product contains glass and may shatter if dropped. Handle with care.
- 2 /** Do not place the mirror in direct sunlight. Reflection of direct sunlight by the mirror could cause a fire.
- 3 /** This mirror is not waterproof. To protect against electrical hazards, keep away from water.
- 4 /** Use this mirror for its intended purpose.
- 5 /** Batteries should be recycled or disposed as per state or local guidelines.

---

## Battery Disposal

**Note:** Opening and disassembling the device will void its warranty. The process is not reversible. This action must only be undertaken when the device is ready to be disposed of. All batteries should be recycled or disposed of as per state or local guidelines, and should not be thrown away in household waste. To remove the battery, cut open the silicone plastic shell and carefully remove the lithium battery. Wear gloves during this process for your safety. Do not dispose of in a fire as the battery will likely explode and cause injury.

## Here to Help

We pride ourselves on providing premium beauty tools which is why all of our products are backed by a 24-month warranty. If you have any questions or need further assistance, you can send us an email, connect with us on Live Chat or give us a call! Our friendly support team is here to help.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
