## FEATURES

### 1 / Dimmable LED Lights

Mimics natural daylight and provides you with a color-corrected view of your skin.

### 2 / 1x and 10x Mirrors

The dual magnification lets you choose between a detailed view or a full view of your reflection.

## MIRROR FUNCTIONS

### 3 / Eco-Friendly Power

Designed with a rechargeable battery to reduce waste and save power. The smart sensor allows for automatic on/off when mirror opens and closes.

### 4 / Ready-to-go

At just under 4" wide, Mila is small and light enough to carry around in your purse or bag for easy access.

## LET'S BEGIN

### TURN IT ON

- 1 / We recommend charging Mila when you first receive it to ensure the battery is fully powered. Follow the instructions in the Stay Powered section to read how.
- 2 / To turn the LED lights on, open up the mirror and press the **power button** located on the left hand side. The LED lights will shut-off when you close the mirror and automatically come on again when opened. Mila will power down after 30 minutes if main power hasn't been switched off to conserve energy.
- 3 / To brighten or dim the lights hold down the **power button** down until you achieve the desired brightness.
- 4 / To turn off the light, open the mirror, press the **power button** and close the mirror. We recommend you turn the power off when you're not using Mila to save energy.

### STAY POWERED

- 1 / Use the included USB cord to charge the battery.
- 2 / You will find the **Micro USB port** located on the left hand side next to the **power button**. Attach the USB cord and connect the other end to a power source. The battery takes approximately 1 hour to fully charge.
- 3 / When charging the light on the back of Mila will flash red, when fully charged it will flash green.

## WARNINGS

- 1 / Keep this product away from young children and pets.
- 2 / This product contains glass and may shatter if dropped. Handle with care.
- 3 / Do not place the mirror in direct sunlight. Reflection of direct sunlight by the mirror could cause a fire.
- 4 / This mirror is not waterproof. To protect against electrical hazards, keep away from water.
- 5 / Use this mirror for its intended purpose.
- 6 / Batteries should be recycled or disposed as per state or local guidelines.

## BATTERY DISPOSAL

**Note:** Opening and disassembling the device will void its warranty. The process is not reversible.

This action must only be undertaken when the device is ready to be disposed of.

All batteries should be recycled or disposed of as per state or local guidelines, and should not be thrown away in household waste. To remove the battery, cut open the silicone plastic shell and carefully remove the lithium battery. Wear gloves during this process for your safety. Do not dispose of in a fire as the battery will likely explode and cause injury.

## HERE TO HELP

We pride ourselves on providing premium beauty tools which is why all of our products are backed by a 24-month warranty. If you have any questions or need further assistance, you can send us an email, connect with us on Live Chat or give us a call! Our friendly support team is here to help.
