

SORA

CONTENTS

MIRROR FUNCTIONS

FEATURES

DIMMABLE LED LIGHTING / Sora has a halo of natural daylight LED lights, designed to dim or brighten with the touch sensor button, so you can choose a brightness that suits your environment.

3 PANEL VIEW / Adjustable side panels and 180° tilt from front to back, offers complete coverage from the side and below. Whether you're looking down to apply eyeliner or plucking your brows, Sora has all of your angles covered.

TRIO OF MIRRORS / Ideal angles and magnifications for anyone who loves ensuring their makeup and skincare is looking the best! 1x, 5x and 7x magnifications so you'll never miss a detail.

SAVE SPACE / The two side panels easily fold shut to reduce space on your counter and protect the mirror from damage. The base is detachable and can be dismantled and packed into your luggage for a super convenient large travel mirror.

ASSEMBLY

- 1 / Assemble the product by inserting the long neck into the base until you hear a click
- 2 / The main mirror is fully adjustable. The mirror can be tilted 180° front to back. Use the base tray to store hair ties, hair pins, jewelry, and more.
- 3 / Disassembling the base is easy, which makes traveling with your mirror easy too! Simply hold the stand of the mirror, wiggle it from side to side and gently pull the main mirror upwards away from the base.

STAY POWERED

- 1 / The battery compartment is located on the back of the main mirror. Gently depress the tab and lift the cover.
- 2 / Insert four (4) AA batteries (not included) into the battery compartment paying special attention to the orientation.
- 3 / Once the batteries have been inserted, replace the battery compartment cover and gently press until you hear a click.

POWERING UP

- 1 / Ensure the USB plug is attached to the mirror and plugged into a reliable power source (such as a computer or USB adapter). 4 AA batteries (not included) may also be used instead. When a USB power source is connected installed batteries will not be used.
- 2 / Push the **power saving button** on the back of the mirror.
- 3 / Turn the LED light on by tapping the **main power button** on the front of the mirror.
- 4 / Dim the LED lights by pressing and holding the touch button on the front of the mirror until the desired brightness is reached. Holding the button will either brighten or dim the LED lights
- 5 / Push the **power saving button** on the back of the mirror when not in use to conserve power.

Note: The light will automatically turn off after 30 minutes to conserve power.

WARNINGS

- Keep away from young children and pets.
- The mirror is not waterproof. To protect against electrical hazards, do not use in the bath or shower.
- Do not place the mirror in direct sunlight. Reflection of direct sunlight by the mirror could cause a fire.
- Use this mirror only for its intended purpose.
- This product contains glass and may shatter if dropped. Handle with care.
