MINN KOTA

# i-PILOT

## NOTHING COMES REMOTELY CLOSE.

The same i-Pilot that lets you lock onto a fishing spot, record and retrace paths, and command speed and steering just got better. Redesigned with a larger LCD screen, more options, and better controls, we've dialed in the technology that lets you dial in your boat position.

### REDESIGNED REMOTE

We gave it a 33% larger LCD screen that's fully viewable in sunlight, expanded menu navigation, and more intuitive controls - making the new i-Pilot remote better than ever.

### BLUETOOTH COMMUNICATION

The new i-Pilot system connects via Bluetooth, allowing for easy software updates to add new features to your system via your smartphone.

### i-PILOT PHONE APP

Bluetooth communication allows new i-Pilot to pair with your smartphone, allowing for easy software updates and quick command of speed, steering, Spot-Lock, high speed bypass, and Advanced AutoPilot.

### COMPATIBILITY

i-Pilot is available pre-installed on the following 2017 models:

- Ultrex™
- Ulterra™ / Riptide® Ulterra™
- Terrova® / Riptide® Terrova®
- PowerDrive™ / Riptide® PowerDrive™

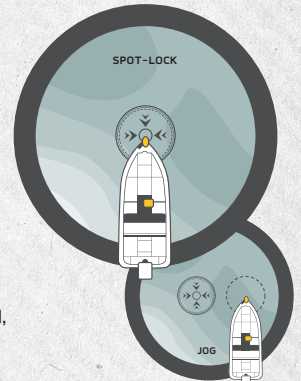

### HEADING SENSOR

Select i-Pilot systems feature a new Heading Sensor, which enables the new Spot-Lock Jog feature by recognizing the boat's heading.

### REINVENTED SPOT-LOCK

Enhanced with new hardware and software algorithms, Spot-Lock works holds you tighter to your fishing spot than ever before, making it the most accurate electronic GPS anchor ever.

### SPOT-LOCK JOG

Move your Spot-Lock five feet forward, backward, left or right - just by pushing a button.

### ADDITIONAL FEATURES

- iTrack Record/Playback**  
Store and retrace up to six 2-mile trolling paths to return to later.
- Advanced AutoPilot**  
Stay on a heading automatically.
- Cruise Control**  
Precisely dial in and adjust speed in 0.1 mile-per-hour increments.
- CoPilot**  
Control and monitor speed, steering, prop on/off and high speed bypass.
