4

THE JACK(IE).

Nimble and versatile, this model is a makeup & stylist chair, but tilts back, making additional services like Hot Towel Shaves a breeze.

PRICES STARTING
FROM \$1200.00

These are quality, heavy duty Classic style chairs.

The aluminum alloy construction provides durability but lightens the load that the old cast iron chairs carried with them. There's no longer any Canadian barber chair manufacturers so we started looking elsewhere for quality at affordable prices. We found a Korean Manufacturer that met all our standards and more! Multiple styles are available. Your order can then be customized by pump style, foot rest, upholstery and stitching, even your logo can be stitched into the upholstery! We're waiting for shipping and duty quotes to determine pricing but we're expecting pricing within a \$1200-\$2600 range.

We'll have half a dozen display models on hand by mid summer but orders will have to be placed 3 months prior to delivery.

We'll have parts on hand for immediate repair and all chairs will have an 18 month warranty.
