NATURHAUS by HARO

Nature inspired, German crafted. Enjoy the natural glow of oak in a highly realistic laminate floor that has an above-average degree of scratch, abrasion, impact and dent resistance. Expertly crafted in Germany, these stunning, affordable planks are extra wide and long for a modern look and feel. Blue Angel certification ensures that these floors are made to the highest standards of environmentally friendly product design and optimum indoor air quality. Choose from 4 neutral tones that are all in stock for immediate use in your next project.
