

Sustainable Building

In this lesson, children will build trees out of Eco-bricks™ Bamboo.

 0-30min  Whole Group Activity  1st Grade

Teacher Support:

Key Objectives:

- Child will strengthen their fine motor skills
- Child will follow directions to create a build set
- Child will learn about Bamboo and it's amazing qualities

Materials:

- Eco-bricks™ Bamboo 180 Piece Set
- Build Set Instruction Guide
- Bamboo Sustainability Worksheet
- Bamboo Fun Facts Video

Lesson Activity:

- Child will build two different types of trees out of Eco-bricks™ Bamboo using the step-by-step guides provided.
- After building, the child can decorate the trees with the felt (made from recycled plastic bottles).
- After the build sets are created, watch the "Fun Facts about Bamboo" video with the class.
- Go through some of the facts listed and have the students fill out the Bamboo Informational Worksheet.
