

Sight Words

In this lesson, children will practice sight word recognition in a multi sensory sight word lesson.

 0-30min  Whole Group Activity  Kindergarten

Teacher Support:

Key Objectives:

- Child will practice high frequency words to recognize instantly, on sight.
- Child will connect sounds to letters.
- Child will build their own "Sight Word Tower" with Eco-bricks™ Plus Blocks

Materials:

- Eco-bricks™ Plus 78 Piece Set
- Sight Word Vocabulary Worksheet
- Sight Word Example Photo
- Writing Utensil
- Tape
- Scissors

Lesson Activity:

- Children are learning how to sound out words and recognize high frequency words! In this lesson children will create "Sight Word Towers" out of Eco-bricks™ Plus construction blocks!
- Children will create Sight Word blocks using Eco-bricks™ Plus
- Read and review through each sight word with the class
- Have children cut out the individual words
- Children will then tape the word onto a block
- Have children repeat through the worksheet and stack the words on top of each other, creating a tower
- Children can also add their own words to the list on the second paper as they come across new words in their lessons!
