

ORCA BAY

SS23

Handmade

All our shoes and boots are crafted on the last using traditional stitching methods and premium leathers to create flawless finishes.

Our attention to detail, love of great quality and fantastic leathers means you can enjoy style and comfort throughout the seasons.

KEY

Ocean Gold

Waterproof

Gold Collection

Washable

Hand stitched upper. Double stitched using two sets of needle and thread creating a tougher finish with a more authentic look.

Nubuck, Pull-Up and Tumbled leather. We use a selection of the finest leathers to create shoes that will outlast any faux leather or plastic. It can be hard to source exceptional leathers, but we think it's worth it.

Traditional deck shoes will mould to the shape of the foot over time. For a little extra comfort see our **Ocean Gold and Gold collections** which have a soft leather lining.

Rawhide leather lace. Leather that has not been tanned, giving a stronger and more durable lace.

Soles are stitched and glued to the **moccasin** upper, which is one piece of leather wrapped under the foot

Rubber soles that are razor cut with **siped grip**. Rubber provides a better grip on a wider variety of surfaces and siped soles are particularly excellent for the deck of a boat.

Rustproof branded eyelets made to resist the elements.
