AROUND

NORDSTJERNE

– a hint of everyday glamour.

Nordstjerne creates subtle luxury for your home.

Inspired by our inherited Scandinavian design traditions with an added TOUCH OF THE WORLD and *a playful desire to challenge the expected.*

We strive to make our objects more authentic and less perfect, *taking shape from the hands creating it* – always with a strong focus on CRAFTSMANSHIP, GENUINE MATERIALS and the LONGEVITY of great design.

FOUNDER HENRIETTE BACH

DESIGNERS WORDS

"I Live Design" – founder Henriette Bach.

To me interior design is all about senses and impressions. The eye seeks beautiful things to explore; hands long for feeling the materials.

I feel that it is in the combination of our senses the magic happens. I am 100 percent driven by my senses. The TACTILE IMPRESSION of different materials awakens my curiosity. My way of designing is very heart and stomach driven and not so much based on latest trends.

I get inspired by everything surrounding me, my home, a walk in the forest, a trip to the beach, travelling to large cities, visiting galleries & museums.

Overall MATERIALS, SHAPES, COLORS catches my eye and inspires me.

ORGANIC

[ɔ:'gænik]

With *soft and organic shapes* combined with wide lines the ORGANIC vases are inspired by the *forces of nature*. Like a rock which have been polished by the sea and other rocks over time, washed a shore being dried by rays of sun, the ORGANIC vases have the same expression by virtue of their matt surface and their organic shapes and sizes. The ORGANIC vases are *hand cut and hand polished* which gives them a natural, matt & unique expression.

– handcrafted, mouthblown, handcut and polished by hand ...

— home objects in timeless design in gentle and subtle colours inspired by nature ...

NATURAL

Interior can add distinguished elegance, warmth and a sophisticated dramatic atmosphere
— an elusive mystery.

CREATE SCULPTURE

[ˈskʌlptʃər(ə)]

*"I consider space to be a material.
The articulation of space has come
to take precedence over other concerns.
I attempt to use sculptural form
to make space distinct."*
RICHARD SERRA

MOTHERHOOD & CONTINUATION

Meet Mia – our structural backbone.

Whereas the creative part of Nordstjerne thrives in unregulated chaos, *Mias comfort zone is structure*, “fitting in boxes” and obeying procedures, rules and regulations.

That COMFORT ZONE is not only challenged by the creative environment in her worklife, but also by being a mother to a very lively toddler. “Becoming a mother is definitely the most fantastic thing that ever happened to me and my son is the most important thing in my life. *He has taught me that I am stronger than I ever imagined* and am able to overcome much more than I thought possible. He has definitely challenged my need for “law & order” - It’s like motherhood expands your CAPACITY TO OVERCOME, do, act and be.

I love being a mother & I love my job.

NATURAL URRAL STONE

SOLID & SIMPLE – *soft, smooth surface*

SIMPLE

[sim-puhl]

MARBLELOUS

[mahr-buh-luhs]

We love marble but didn't find a word to cover our enthusiasm for this amazing material. So we added MARBLELOUS, excellent, great, superb marble. Again and again giving a feeling of wonder, admiration and astonishment caused by the heavenly beauty of this elegant, classy and sophisticated material offered by Mother Earth. Hard as stone, yet with a silky softness
— can you sense our passion and affection?

STVOIT KATII

DOUBLE candleholder –
the essence of *simplicity*.

EMBELLISH

[em-bel-ish]

Means to beautify, ornament or Adorn. Beautify and *enhance objects* by displaying them in our EMBELLISH displays.

*“Everything begins in the mind.
If you want to see clearly,
you need a clear vision.”*

SWAMI SATCHIDANANDA

HAND CRAFTED WITH LOVE & CARE

People – Social Responsibility – Sustainability

A lot of our SUSTAIN products are handmade by local Indian underprivileged women, *empowering* them with skills, employment and most importantly, *dignity*. Focusing on SUSTAIN-ABILITY The materials used in the production are *recycled* from waste products, giving the materials new life and making sure we are not over-using the *resources* available for all of us.

LIGHT

*– There are two ways of spreading light:
To be the candle or the mirror, that reflects it ...*

Light a candle –
SPIKE candleholders.
