Please contact us for more details  
Sample Intellicheck credits are included**

# Important Notes

## Correct Drivers License Bar Code to Read

Sometimes there are several barcodes to read on Drivers license

This varies state to state. Please scan the **PDF417** barcode as shown below

Please line up the scan so the blue triangle / red line is at the center of the correct bar code

**If necessary, cover the others with your thumb or finger to insure you are reading the correct barcode.**

Please  
Charge  
Overnight  
daily  
(USB C)

# Fake ID

- With Fake ID on, out of the box the system will present questions, after a scan. You can pass / fail based on customer answers to these
- If you want something more definitive see page 11 about the intellicheck option. We can activate this for you to try. This finds 90% plus of fake IDs. **Requires WIFI connection.**

Included  
Out of the box

**Disabled on

As intellicheck is  
Set to on**

# 6 Fake Credits included And activated

Fake ID Checks Powered by

You can **upgrade** this system to include World Class ID checking with Intellicheck.

This is considered the gold standard in Fake ID detection and is used by Police Departments and large banks and financial institutions. Now you can have this “Police Grade” fake id checking machine in this easy-to-use handheld system. No **Fake ID detection** is perfect, but based on our testing and other studies, we feel the system will detect 90% of Fake ID’s.

If you are interested in learning more about this, Email @ [ron@minordecliner.com](mailto:ron@minordecliner.com), or call us at 888-310-4001

Note – **requires WIFI connection and Additoinal credit purchases**

# How to use Intellicheck Fake ID Check Feature (after activated)

Step 1

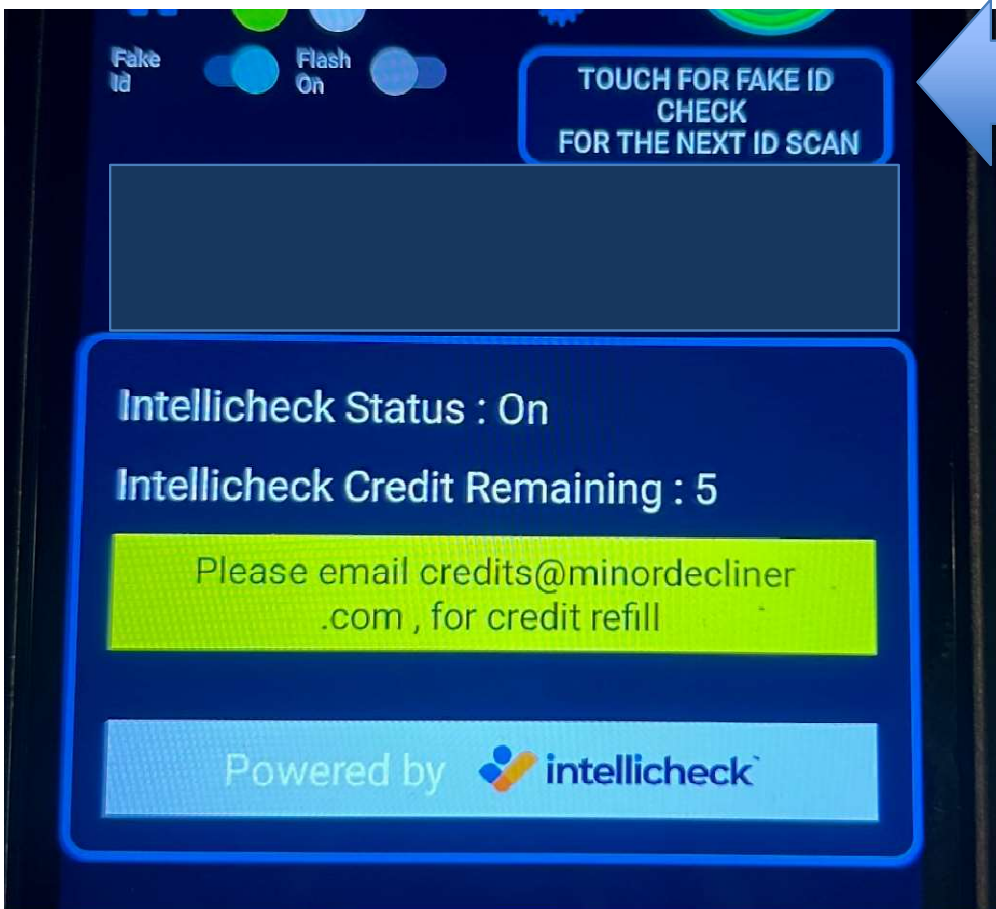

Touch

This before

The scan

To fake check

The next scan

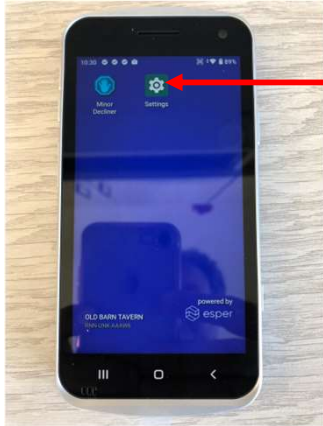

Step 2

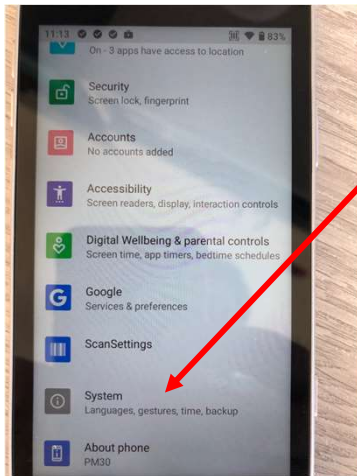

Scan

Refill message will alert at 5 credits left

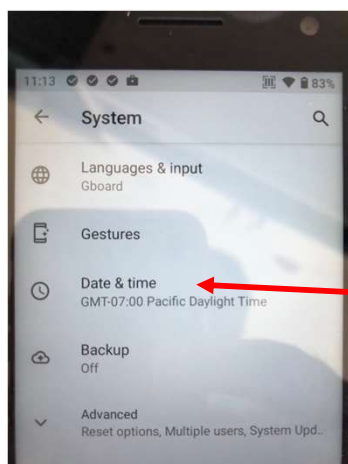

# To update date / time

Touch Settings from Home screen

Scroll Down to System

Touch date time and Make adjustments
