

Pikes Peak Press

Specifications

Technical Specifications

- Heat plate size: 10" x 3" or 10" x 2"
- Heat plate material: 6061 Aluminum
- Maximum force output: 9,876 lbs (5 tons)
- Supply air pressure: 120 psi or less
- Air input fitting: "industrial" male quick connect
- Maximum heat temperature: 300°F
- Digital press time: No Limit
- Digital pressure readout
- Pressure ramping and control via dual pressure
- High accuracy heating system
- Vertical or horizontal machine orientation
- Speed control of heat plate actuation
- Dimensions (Vertical): See right
- Dimensions (Horizontal): See right
- Parchment clip holders
- Dual button safety start
- Industry leading safety controls
- Ergonomic user panel in both orientations

Input Requirements

- 115 VAC @ 10A maximum
- 20 to 120 psi compressed air
- Requires 1.7 CFM compressed air
- Dry, clean air is important for product longevity

Included Items

- 1x Pikes Peak Press
- 2x Vertical orientation legs
- 2x Horizontal orientation legs
- 4x Leveling feet
- 1x Compressed air filter/regulator
- 1x Industrial male air fitting
- 1x Power cable
- 1x 50 pack of PurePressure Tea Bags

Warranty

- 1 year against manufacturer's defects from the date of purchase
