

### Program Objective

Learn how to meet educational goals and objectives by building confident, independent students through the integration of technology tools. VocaLinks highly skilled instructors share strategies and best practices to address the unique needs of each student so they can learn how to use the technology to reach their full potential.

### Overview

#### VocaLinks Post-Secondary AT Learning Strategies - Directed Learning & Support Program

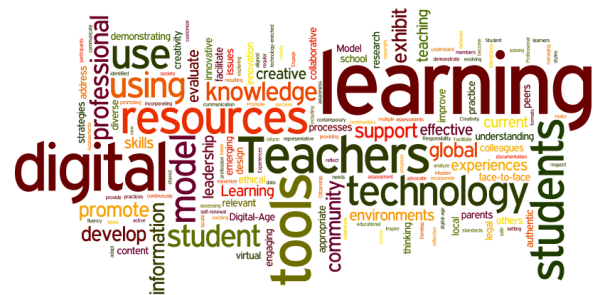

Includes the following:

- ⇒ Works closely with post-secondary students to integrate learning strategies and Assistive Technology (AT) tools into academic assignments
- ⇒ Helps to maximize the potential of each learner through skilled instruction and supported practice
- ⇒ Supports successful transition from high school through the first year of college or university
- ⇒ Provides students and parents with technology recommendations including devices, software and hardware
- ⇒ Assists students in effectively using AT tools, devices, or software and hardware, Windows or Mac
- ⇒ Develop personalized AT strategies using course work and exam materials
- ⇒ Leverage cloud apps and online storage as required by educational institution to advance organization of files and documents

### Supported Software and Cloud Apps

VocaLinks instructors are experts in providing instruction for the following technologies:

- ⇒ Claro for Windows or Mac – ClaroRead Pro, ClaroRead Plus, ClaroCapture, ClaroCloud
- ⇒ Dragon Speech Recognition
- ⇒ WordQ, SpeakQ, Kurzweil, Read and Write for PC, Inspiration
- ⇒ ZoomText, JAWS
- ⇒ Microsoft Office including Office 365 and OneDrive
- ⇒ Google Apps for Education including Google Drive
- ⇒ And more!

# Post-Secondary Assistive Technology Learning Strategies
